PREFACE

To Holders of Obsolete Securities

"Volume IV" including INDEX TO VOLUMES I, II and III of the MARVYN SCUDDER MANUAL OF EXTINCT OR OBSOLETE COMPANIES, while largely a grave-yard is also a gold mine of hidden treasure.

There are over $100,000,000 of unclaimed funds held by Trustees in this country for supposedly worthless securities, and part of this fund may be yours.

This volume contains a reference to over 500,000 corporations which have been reorganized, merged, liquidated, dissolved or which have forfeited their charters; reports on little known and close corporations and a list of thousands of companies whose securities have definite value.

Heretofore, in Volumes I, II and III we have taken on an average of three to four lines to state that 250,000 companies had forfeited their charters. In order to conserve space and make room for a quarter of a million new companies that have gone out of business subsequent to 1929 and which are not mentioned in our previous volumes, we have used only one line to give the name of the company, and the state which had forfeited its charter on a given date. The other information about losing their charters for non-payment of taxes is unnecessary.

In addition, and for the benefit of our subscribers, we have indexed Volumes I, II and III, giving the names of the companies, and opposite —the volume in which they are to be found, merged alphabetically in Volume IV. In this respect it is important to have these volumes on hand when consulting Volume IV.

We do not pretend, however, to give a complete list of all smaller extinct companies and therefore suggest your sending us the name of any company that is not listed in our volumes, as their securities may have definite value.

It is important to remember that a company may be out of business and its charter forfeited, yet a Receiver or Trustee still may not have liquidated the assets or holds funds for distribution to the bondholders and/or shareholders. It is also important to make prompt claim for these funds avoiding loss through the working of a statute of limitation or otherwise.

MARVYN SCUDDER MANUAL
OF EXTINCT OR OBSOLETE COMPANIES

*Information on these companies may be obtained upon direct request to Marvyn Scudder & Company, Inc.

If investigation of securities of obsolete companies requested of Marvyn Scudder & Company, Inc. should result in the recovery of a decree, liquidating or nuisance value, said Marvyn Scudder & Company, Inc. is to receive 25% of the net amount recovered thereon.

In the event that your company is not listed in our manuals, we suggest your communicating with us for a report. YOUR SECURITY MAY HAVE A DEFINITE VALUE.

A. G. Curtain Manufacturing Co. Inc.	N. Y. 1931.	
A. G. F. F. Operating Corporation. Incorporated under the laws of New York, 1915, and engaged in manufacturing flax straw products with an office at 18 Broadway, New York City. Mr. Walter W. Russell, President, informed us in 1916 that the corporation had never declared any dividends and was at that time engaged in building machinery for the purpose of utilizing waste flax straw. The stock has never enjoyed a market, and was only sold to friends of the promoters. There is no evidence that the stock ever had a value. In 1916 the corporation had not been able to complete their machinery and do not believe they got beyond that stage. In 1923, no further trace could be found of the company nor of its officers. In 1929, it was reported that the company's charter had been forfeited. It is our opinion that the shares are worthless.

Name	Date Charter Forfeited	Vol.
A. Y. C. Associates, Inc. Incorporated in New York June 26, 1922 and is engaged in the realty business with an office at 140 Liberty Street, New York City. Officers: C. I. McLaughlin, President; A. W. Meisel, Secretary, 140 Liberty St., New York City; James E. West, Treasurer. There are 1,350 shares outstanding, par $100 each. We are informed by Mr. Meisel that the A. Y. C. Association is a holding company and owns the property of the former Atlantic Yacht Club. The property is assessed at $170,000 and has a mortgage of $100,000. The company also owes about $25,000 to banks, etc. On this basis the book value of the stock is about $33 per share. The market value of the stock based on dividends paid is nil as the company has not paid any dividends to our knowledge within the past three years. The market value of the stock based on earnings available for dividends is nil as the company has not shown a profit from operations for the past three years. Summarizing these various conclusions, we proceed as follows: Book value of stock, $33 per share; market value based on earnings, nil; market value based on dividends paid, nil. The average price arrived at based upon the above is $11 per share. Therefore, we believe that $11 per share is a fair value for the capital stock as of November 30, 1931.

Abbott & Briggs Co. Incorporated in Connecticut. Last officers were reported in 1916 as follows: Lynn S. Abbott, President; R. E. Briggs, Vice-President; Chas. B. Longyear, Secretary. Company was in the publishing business with an office at 200 5th Avenue, New York City. We were informed on July 11, 1928, by Mr. Lynn Abbott, president of the company, as follows: "The company to which you refer had been in existence nearly seven years and gave promise of being a very great success when the war came on us and advertising contracts were cancelled which were the only source of revenue, besides, further extension of credit was made impossible due to the more than doubling of the cost of paper, the largest item of cost. The business was therefore closed. There were no assets and the creditors, realizing the situation and the honesty of the management,		

Name	Date Charter Forfeited	Vol.
did not force bankruptcy proceedings. The business was closed out in the Fall of 1916."

Abbott-Connolly Construction Co., The.	Mass. 1931.	
Abbott Copper & Gold Mining Co. Incorporated in South Dakota and its term of existence expired by limitation in 1923. The charter has not been renewed. It is our opinion that the company had been out of existence for many years before 1923 and that the shares are without value.		
Abbott Corp. Incorporated in Michigan. Capitalization: Preferred Stock, $250,000; Common Stock, $800,000; Common Stock in treasury, $200,000. Officers: Guy W. Morgan, President; M. J. Hammers, Vice-President; R. P. Hull, Treasurer; Amos. W. Gardiner, Secretary. On May 14, 1919 this company was dissolved and we find no trace of it since that time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Accident Insurance Company of America. We are unable to find any trace of a New York corporation titled the Accident Insurance Company of New York. However, we do find the Accident Insurance Company of America, which filed a declaration of intention and charter with the Insurance Department of New York State on December 21, 1908. By action of the incorporators on March 2, 1909 the charter was amended. In connection with proceedings of this March 2nd meeting Ge. W. Fishback and Morton L. Mortimer appear respectively as president and secretary. The organization was, however, never completed and the charter lapsed by limitation after 2 years. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Acetylene Illuminating Company, Ltd. Registered May 9, 1895 in England and in January, 1918, changed its name to the Acetylene Equipment Company, Ltd. Director—B. Bagshawe, 268 South Lambeth Road, S.W. 8., London, England, (1919). The business has been sold to the dissolved Acetylene Company, Ltd., and the Acetylene Equipment Company, Ltd., is being wound up (1920); liquidator, J. Giblson Harris, Palmerston House, Old Broad Street, E.C. 2, London, England. As we do not find any quotations of the company's preferred stock, it is the deponents belief that the preferred stock had only a nominal, if any, value.

Ada-Lur-Iiem Medicine Company. Incorporated—New York. Address—225 Fifth Avenue, New York City. Officers—Nathaniel D. Reich, President; Root Sutherland, Secretary; DeWitt C. Weld, Jr., Treasurer. Nathaniel D. Reich, lawyer, located at 114 Broadway, New York City, informed us that this company has been out of business for over twenty years and the preferred and common stocks are without value. The business was formed by a certain doctor who had a formula for a new kind of liver pill. There was not enough capital to put it over, and the company died a natural death. Additional funds were obtained from certain stockholders to pay off the company's debts. The shares are a total loss.

Adams & Company. We are unable to find any trace of an Adams & Co. having been incorporated in New York State about 1854. We do find a company with this title which was originally incorporated in Iowa and authorized to do business in New York June 3, 1893. The latter company, we understand, is still in existence.

Addison & Pennsylvania Railway Company. This railway went into bankruptcy some time ago and the Buffalo & Susquehanna Railroad Corporation of Buffalo, New York, were appointed receivers. Letter from Buffalo & Susquehanna Railroad Corporation informs that the 4% bonds due 1932 are of no value, for the Addison & Pennsylvania Rialway was sold at a judicial sale on April 22nd, 1898, the purchasers organizing the Addison & Susquehanna Railroad Company which took over that portion of the line situated entirely within New York State, another company being organized to take over the Pennsylvania part of the line. Both of these are now owned by the Buffalo & Susquehanna Railroad Corporation.

Adeline Consolidated Road Oil Company. Incorporated Maine. Stock par value—$1. Officer in 1913 T. C. Coogan, secretary. Address—904 Merchants Exchange Bldg., San Francisco. Property—Sunset, Calif. This company was listed as inactive in 1913. The company was promoted from Providence, R. I. We find no trace of the company for many years and believe it has gone out of existence. On December 31, 1921, 10,200 shares of the stock sold at auction for $5 the lot. In view of the above we believe the stock without value at the present time.

Aetna Petroleum Corporation.	Company was incorporated under the laws of Delaware with an authorized capital stock of $10,000,00.00 outstanding $4,000,000.00, Par $5., in 1920. It was reported that the company had a refinery at Dallas, Texas in 1920. Last known officers were: R. B. Stichter, President; James A. Jones, Jr., Vice President; F. L. Fairbank, Secretary; H. A. Elliott, Treasurer. Office, Dallas, Texas. There have been no sales or quotations of the company's stock for a number of years and in 1925 the Delaware charter was repealed for non payment of taxes for two years. We do not believe the stock to have any present value.

Aircraft Construction-Transportation Corp. Incorporated—Delaware, August 15, 1931, but is no longer in existence, having become inoperative and void March 17, 1926 and proclaimed by the Governor

Name	Date Charter Forfeited	Vol.
	January, 1927, for non-payment of taxes. This corporation was in existence with offices at 346 State Street, New Haven, Conn., and the following were the names of the officers: Pres., S. C. Morehouse, New Haven, Conn.; Vice-Pres., Thos. H. Linahan, New Haven, Conn.; Treas. and Sec., F. O. Boyd, New Haven, Conn. On July 3, 1929, 20 shares of this stock sold at auction for $8 the lot, no sales since that time. In view of the above we believe the stock has only a nominal value at the present time.

Ajax Rubber Company 2
Ajax Rubber Company, Inc. Incorporated in New York Dec. 20, 1915, to manufacture automobile and motorcycle tires, etc., and had an office at 1776 Broadway, N. Y. C. In a letter to bondholders under date of Oct. 13, 1933, the bondholders committee stated that "At the request of the Committee representing more than a majority of the outstanding bonds, The Chase National Bank, of N. Y. C. as Trustee, foreclosed the mortgage securing the bonds and on Aug. 6, 1931 a judgment of foreclosure and sale was entered, making it possible for the properties to be sold at public auction. We have been informed by the Secretary of the Bondholders Committee that the property has not as yet been sold. According to the last balance sheet published by the company, the assets amounted to about $7,000,000 and the liabilities about $3,000,000. Until the property is sold the stock cannot be considered as worthless, for there may be some equity left for the stock if the committee waits for better times to sell the property. In view of the above, we believe the common shares had a nominal value for the year 1932 and in our opinion the loss may be deducted if the shares were sold at a loss during the year 1932.

Alachua Planting Company. Incorporated in Florida June 10, 1918 and is located at Jacksonville, Fla. It is not in good standing with the tax authorities. Thomas B. Hamby, Pres., Jacksonville, Fla.; F. J. Ruggles, Sec'y., Jacksonville, Fla.; E. R. Hoyt, Treasurer, Jacksonville, Fla. Letters addressed to the company have not been answered nor returned. A final report will be sent in a few days.

Alachua Planting Company. Supplementing our previous report, Mr. Lorenzo W. Baldwin, an attorney located at Law Exchange Bldg., Jacksonville, Fla. informed us that Mr. Ed. R. Hoyt treasurer of the company died last year. Mr. Baldwin represents his estate and states that he learned enough during Mr. Hoyt's life time and since then to cause him to believe that any stock in this company is worthless. In view of the above we believe the shares are without value.

Alachua Planting Company. Supplementing our last report, Mr. Thomas B. Hamby, formerly president of the company, now located at Jacksonville, Fla. informed us that this company went into liquidation many years ago. Unfortunately owing the bank about $15,000 which was never paid, left no equity for any of the capital stock, which is without value.

Alamo Home Builders. Correspondents of ours informed us that at the present time, there is absolutely no market for the shares of this company, and it is impossible to say where the stock might be sold. The affairs of the company are administered by one H. U. Rhodius, 706 Dolorosa St., San Antonio, Texas. The assets are invested in a very medium class of real estate, that is probably heavily mortgaged. Our correspondent, however, has informed us that he is willing to make a nominal offer of 5 cents per share for the 100 shares and gamble on its future value.

Alamo Oil Company. Incorporated in Missouri and was reported owned and operated by the Petroleum Corporation of America in 1919. The successor company went out of existence in 1926. Mr. John G. Grubb, trustee, informed us that the successor company is dead and that the stock is worthless. The stock of the Alamo Oil Company is mentioned in our stock book in January of 1920, but the stock had no market value. It was not mentioned since then as having any value. It is our opinion that the shares are worthless.

Alaska Bonanza Mining, Trading & Transportation Co. Succeeded by the Consolidated Alaska Company in 1900. Owned property in Nome, Alaska. The new company was located at Chicago, Illinois, in 1900 and no trace of the company was found since then. We have been unable to find any value to the stock and bonds, which we believe are worthless.

Alaska-British Columbia Agency Corp.	N. Y. 1929.	

Alaska British Columbia Metals Company. Value of Common Stock. Incorporated Washington 1916 and was last reported as having an office in the Alaska Bldg., Seattle, Wash. This company lost all of its assets through receivers sale of its subsidiary companies. Its property was purchased by the bondholders in 1925 and has since been disposed of for less than the mortgage. The company's charter was forfeited on July 1, 1925. There was no equity left for the capital stock, which is without value.

Alaska Consolidated Mining Co.		1

Alaska Consolidated Mining & Smelting Co. Incorporated—Minnesota, 1912. Capital—$2,500,000; par value $5. The company purchased the property of the now defunct Alaska Copper Company at sheriff's sale. The property is believed to have prospective value, but this is one of those numerous cases in which plant was erected before sufficient ore had been developed. Present company has been inactive for some years. There is no market for the stock, which we believe had only a nominal, if any, value as of September 5, 1929.

Alaska Consolidated Oil Fields		2
Alaska Construction Corporation		2
Alaska & Continental Fisheries		1
Alaska Co-Operative Mining Co.		3
Alaska Copper Association		3

Alaska Copper Company. Incorporated in Washington and had an office at Seattle. We do not find any trace of the company for a great many years and believe it has gone out of existence. In 1914 its charter was forfeited for nonpayment of taxes and to date has not been reinstated. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Alaska Copper Company		3

Alaska Copper Corporation. This company is now out of existence, its last address was 53 Park Place, N. Y. C. Failure to find commercial ore resulted in discontinuance of operations in 1919. The entire equipment was sold to Hubbard-Elliot Copper Company for a one quarter interest in that company. The latter company only did assessment work in 1924 and in 1927 was reported out of business. Therefore we submit the shares of the Alaska Copper Corporation and the Hubbard-Elliot Copper Company as worthless.

Alaska Handy Gold Mining Company.	Incorporated — Delaware. Capital stock —$500,000. Par Value—$1.00. Officers—Benj. P. Moore, President; Frank G. Smith, Vice-President; Robert P. Hussey, Secretary; Wm. S. Hull, Treasurer. Directors—The above Thomas Tilson, Hart Curry and Jacob A. Wolf. We are informed by the attorney for this company that the claims of this mine were "jumped" some years ago. However, litigation recently terminated, was favorable to the company. There is no income, of course, and there have been no operations of these claims in years. He further informs us that the stock of the company had little or no value on March 8, 1929.

Alaska Tin Corporation.	Incorporated in New York about 1905 and was located at 62 William Street, New York City. The company took over some property in Alaska that proved of little value. When this company was formed and took over this land a certain party in England had an option to purchase the mine at $1,000,000. Soon after the company was formed and before the time for the option expired, the party decided not to purchase the land. No development work was ever started. There were outstanding $30,000 of first mortgage bonds on which no interest was ever paid and have no equity. Mr. Adolph Hirsch, former President of the Company informed us in 1913 that the company had no assets and the shares were without value. Therefore, we submit the capital stock as worthless.

Alaskan Bonanza Mining, Trading & Transportation Co.	This company was originally incorporated under the laws of Illinois as the Imperial Wine & Distilling Company on June 26, 1893 and changed its name to the Alaskan Bonanaza September 15, 1897. On December 12, 1919 the company was dissolved by act of the Attorney General in the Superior Court of Cook County, Illinois. We find no sales or quotations of the stock for many years and in view of the above believe them valueless at the present time.

Alco Building Company.	Incorporated in New York and was engaged in the real estate business with an office at 217 Broadway, N. Y. C. in 1923. William Sugarman, President, 1501 Broadway, N. Y. C. William C. Demorest, Vice-President. William M. Crowe, Treasurer. Mr. Sugarman informed us that the property of the company was sold at foreclosure sale to satisfy a mortgage and there was no equity left for the stock. Therefore, in view of the above we submit the shares as worthless.

Aleograph Company.	Incorporated January 15, 1923 under the laws of Delaware with 30,000 shares of no par value stock. Assets, we understand, are valued at about $200 and a patent on a machine. To date the company admits that they have received no royalties and the outcome of their proposition is problematical. The stock has no market. Officers are: President, A. T. Bard, 504 Gunter Bldg., San Antonio, Texas; Vice President, J. L. Pridgen, Medical Arts Bldg., San Antonio, Texas; Secretary and Treasurer, C. A. Soule, 504 Gunter Bldg., San Antonio, Texas. The resident agent is the Delaware Registration Trust Company, 100 West Tenth Street, Wilmington, Delaware. Office: 504 Gunter Bldg., San Antonio, Texas. We are further advised by the company (as of December 12, 1929) that they are considering certain steps which will be beneficial to stockholders, however, plans have not yet matured but expect developments within 90 days. At present there is no market for the stock.

Alert Gold Mining Company of Colorado.	Incorporated—Colorado about 1895. Officers—M. S. Harwood, President; J. W. D. Stovell, Secretary. We are unable to find any trace of this company for a great many years and believe it out of existence. On September 27, 1915 the company was reported as inoperative and defunct. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

All Package Grocery Stores. This company was promoted by J. B. DeBeltrand, who was eliminated as sales manager of the U. S. Gasoline Manufacturing Company. Stores were opened in Brooklyn and elsewhere, it being proposed to handle all commodities in package form. The project failed, and the business was gradually liquidated by receivers. The stock is considered worthless.

Allied Drug Products Company. Organized under the laws of Delaware on April 8, 1927 and has an office at Chattanooga, Tenn. The outstanding capital stock consists of $1,000,000 6% Preferred and 610,000 shares of Common, Par $5. In February 1927 William Harper, Jr., 80 Federal Street, Boston, Massachusetts, offered the Common stock and during 1927 this class of stock was quoted at from $2 bid to $5 asked and during the first part of 1928 at the same price. The stock is inactive and undoubtedly considerable difficulty would be experienced in finding a market. The following brokers have offered the stock from time to time:—J. S. Bache & Company, New York; Morton Lachenbruch & Co., New York; Atlantic Investing Co., New York; William Harper, Jr., the original selling agent of this stock does not appear to be in business at present. The company informs us that there has not been a sale of this stock for several months, and are unable to advise us where a market can be found for same. We believe this stock has no market value at the present time.

Allied Process Corporation. Incorporated under the laws of New York, and is located at 405 Lexington Avenue, New York City. We have been informed that the company owns some valuable patents. Mr. Landolt, who we believe is the head of this corporation, called on the telephone this morning, and informed us that there is no market for the stock, but does not wish the shares to get into the hands of any outsider. The deceased, we are informed, was the company's patent attorney, and was directly connected with the concern. Mr. Landolt also informed us that he and his associates will contest any bid for the stock up to par of $100 per share. With the above in view, we suggest that you or the executors get in touch with Mr. Landolt if you desire to dispose of the stock. Therefore, we submit $100 per share as a fair value for the capital stock as of August 4, 1931.

Allstate Chemical Manufacturing Co. Certificate of incorporation was filed January 23, 1918, Manhattan. Certificate of dissolution was filed December 16, 1929. We found that the company was located at 60 Wall Street, New York City, in 1918 and disappeared in 1919, since then we have been unable to find any trace of it. We believe the shares are worthless.

Almagre Mining Company.	We are advised that this company has been idle for a great many years. However the company has been endeavoring to raise a little money to renew operations and the value of the stock depends upon the outcome of this plan. There has been no market for the stock for a number of years and believe the stock has only a nominal value at the present time.

Almolya Mining Company.	Incorporated Arizona, 1903. Capital $2,000,000; par value $1. Company held title to lands through Minas de Almolya, S. A. Past operations have been almost entirely along the San Pedro fault which showed ore in depth. Revolutionists practically stopped all work in 1913, holding the superintendent for ransom, and stopping all mail and telegraphic service. On August 15, 1922 the Carmen Mines Company was incorporated in Delaware as a reorganization of the Almolya Mining Company with a capitalization of $1,500,000 par value $1. The new company maintained an office at 110 Centre Street, New York City, N. Y., until about 1925 and at that time the following were officers: President, N. O. Bagge; Vice-President, D. A. Bridge; Secretary and Treasurer, C. I. Morey. However, the property has also been idle since taken over by the new company and we find no record of it having resumed operations. As far as we can ascertain there is no market for the stock of either the new or old company, and believe it has only a nominal, if any, value at the present time.

Alonzo Coal Company		3
Alonzo Company. Incorporated in New York State in 1911 and had an office at 342 Madison Avenue, New York City in 1926. Information concerning the company was unobtainable in 1927. We inquired of the building agents at the above address, and was informed that no company of the above name had ever been their tenant. Probably the stock was sold under the above name but had their office registered under another name. However, it was reported that the company had dissolved and its charter was forfeited on May 6, 1930. In view of the above, it is our opinion that the shares are without value.

Alps Gold Mining Company, Inc.	Incorporated—Colorado. Robert H. Sayre, a mining engineer, First National Bank Building, Denver, Colorado, informed us that this company has been defunct since 1924 when its charter expired. So far as he knows there have been no operations at the property since 1924 and probably the claims themselves have been sold to the county for taxes.

Alta Vista Petroleum Corporation of San Antonio, Texas. Organized July 3, 1920 in Bexar County, Texas. Officers: A. J. Robinson, President; S. E. Gates, Secretary. We have searched our own files and many other sources of information available, but can find no trace of this company for a number of years. It is our belief that it is out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Alto Copper Company.	Incorporated, Maine. This mine was known in the early days by the Jesuits and worked in a primitive way by the Mexicans, and purchased in 1859 by Lieut. Mowry who operated with success until it was seized by the U. S. Government in 1862 upon the ground that it was a source of lead supply to the Confederates. It was worked then by jumpers and re-locators until taken over in 1904, by the now defunct Mowry Mines Company, which was merged in 1909 with the now defunct Alto Copper Company. Litigation shortly ensued and in 1917 property reverted to former owners. These securities were Contract Bonds and became valueless because of the promoters inability to make the mine pay. Therefore, it is our opinion that the Special Contract Bonds are valueless.

Alvarez, Mendez & Co., Inc.	N. Y. 1929.	
Alvarez Mining Company.	Incorporated October 15, 1924 in Delaware, and had an office at 15 William Street, New York City. The market performance of Alvarez Stock, aided and abetted by the tipster sheets, was of course ridiculous in the face of the known facts. The stock had a market of about 3 cents per share in 1929, none thereafter. The property probably proved of little value and is now idle according to last reports. The stock had no market after 1930 and in our opinion became worthless this year and should be deducted as a total loss. As far as our records show, the company is out of existence. Charter forfeited 1931 and proclaimed by the Governor on Jan. 19, 1932. The shares are without value.

Amador Railway Company.	The foreclosure on this road took place some ten years ago and the property was sold to pay receiver's certificates issued for the payment of taxes and judgments against the road. The railway was a failure because a copper mine which was supposed to support it turned out to be a promotion scheme with very little real merit. We therefore believe the stock and bonds worthless.

Amalgamated Silver Mines Co. Incorporated in 1917 in Montana and according to the "Mines Handbook" published in 1931, the company still maintains its corporate existence at Helena, Montana, in care of Geo. P. Loomis, President. The company apparently still holds its property consisting of 33 claims at Lump Gulch in Jefferson County, two miles from rail at Clancy, Montana. Operations of the mines were suspended in March, 1921, and the company has been idle since that time. The last report of this company was filed in the office of the county clerk and recorder of Lewis and Clark Counties, Montana, on Feb. 28, 1924. We wrote to the company in care of Geo. P. Loomis, Helena, Montana, on May 3, 1933, and our letter has not been answered nor returned. According to the National Stock Summary dated April, 1933, which is published by the National Quotation Bureau of New York City, the company's office is located at Helena, Montana. This company is probably idle like all other mining companies for the reason the metal prices are so low. There are a good many mining companies that are idle, but still maintain their corporate existence, and will probably resume operations when we find better prices for metal. Silver is one metal that has met its reverses and has not come back yet. Shares of these companies have only sold at nominal amounts in recent years. As far as we have been able to ascertain from our records, the company still holds its property and retains its corporate existence. There have been no sales of its stock in recent years except at auction. Therefore, it is our opinion that the shares have only a nominal value at this time. When silver prices will be higher is everyone's guess, and submit only a problematical value for the future.

Amalgamated Oil Co.		2
Amalgamated Oil Company. Incorporated in Arizona and had an office in the Colcord Building, Oklahoma City, Oklahoma, in 1916—T. M. Milam, President. According to reports in 1919, Mr. Milam had nothing of material importance to report and only did when there was stock for sale. When he could not sell any more stock, he sold land leases, but it worked out the same way. There was no market for the shares in 1919, and never will have any value. The company was overcapitalized—$61,000,000, and sold stock at a cent a share. According to reports this company was just another promotion that enriched none other than Milam. We submit the shares as worthless.

American Aircraft Corporation.	Incorporated Maine, July 14, 1917. This company never filed a report with the proper authorities and accordingly we can find no trace of it since the time of its incorporation. In 1919 its charter was suspended for nonpayment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

American Allotment Association.	Incorporated New York, Feb. 24, 1887, and was located in New York City. We do not find any record of the company in our 1893 New York Securities Book nor in the 1900 Co-Partnership Directory. It is our opinion that the company failed and went out of existence before 1893. If the bonds of this company had any value, we would have found a public record of any payments. It is our opinion that these bonds are worthless.

American Autopress Co. This company was organized in New York in February, 1907, as the Autopress Co. with capital of $200,000, subsequently increased to $1,000,000 Common and $2,000,000 7% Cumulative Preferred, par value $10 per share. The company also had outstanding $446,800 7% income bonds. On May 6, 1914, the Autopress Co. was

Name **Date Charter Forfeited** **Vol.**

placed in Receiver's hands, and in December, 1914, all of its assets were sold. In the same month the American Autopress Co. was organized under the laws of Delaware, as successor to the Autopress Co. The new company's capitalization consisted of $100,000 Common Stock, and $200,000 7% Non-Cumulative Preferred Stock. The par value of both classes of stock being $1.00 per share. The company also has outstanding $189,180 10-Year 6% Currency Debentures, due Jan. 15, 1925. These debentures, we understand, were exchanged at date of reorganization for $446,800 Income 7's of the Autopress Co. mentioned above. The new company appears to have been practically under the same management as the Autopress Co., and while not much information in regard to this company is available, we understand that in general the American Autopress Co. was not any more successful than its predecessor. In fact, we understand that this company has been dissolved and its bonds have been appraised in Transfer Tax Proceedings as being without value. Subsequently the property and business of the American Autopress Co. was taken over by the Master Machine Corp. A Master Machine Co. was incorporated in N. Y. State and name changed June 18, 1921, to Victor Slicing Machine Co. On Jan. 23, 1922, the Delaware charter was declared forfeited for nonpayment of taxes and we consider the stock of no value.

American Borax Company. Incorporated in Nevada with mines at White Basin, Nevada, refineries at Rochester, Pa., and the main office at 624 California Street, San Francisco, Calif. Mr. Henry Blumenberg, Jr., Vice-President of the Western Borax Company, Ltd., located at 566 Subway Terminal Building, Los Angeles, Calif., informed us as follows: "The American Borax Company has a first class plant at Rochester, Pa., but owing to the bitter fight existing with regard to refined borax in America, it has been deemed advisable for the time being to ship refined borax direct to the customers from San Francisco by water to Eastern seaport towns. When this struggle is over, we expect to operate the American Borax Company's plant to its full capacity, which we trust will be at a very early date."

American Brick & Tile Company. Incorporated in New Jersey, April 13, 1886. The company has not filed a report since the time of incorporation, accordingly we are unable to find any trace of it at the present time. The only record of men connected with the company are as follows:—Lenox Simpson, Pittsburgh, Pa.; Morris P. Canfield, Tyrone, Pa.; Henry A. Potter, East Orange, N. J.; Henry Green, Easton, Pa.; Elisha P. Wilbur, South Bethlehem, Pa.; Edward M. Paxson, Philadelphia Pa. Letters addressed to these men are returned and marked unclaimed. As far as we can ascertain there is absolutely no market for the stock.

American Coal By-Products Company. Incorporated in Delaware and had an office at 115 Broadway, New York City, in 1921. Mr. J. A. Kerr, Secretary of the Company, wrote us in 1921 that their processes had not progressed beyond the development stage, and the value of the stock was problematical. Edward J. Chaffee, president, 342 Madison Ave.; Gordon Glass, treasurer; A. M. Shrady, director. Dr. Arthur M. Shrady, who is located at 49 W. 73rd Street, New York City, informed us that the company lost its patents and reverted back to the original owners. He also stated that he holds some of the 8% notes and considers them worthless. The company is no longer in existence, having become inoperative on March 18, 1925. On November 31, 1928, $10,642.84 of the notes were sold at auction for $11 the lot. It is our opinion that the 8% notes are worthless.

American Commander Mining & Mill Co. Incorporated. Idaho, Oct. 24, 1901. Company has been entitled to transact corporate business in the State of Idaho at all times since that date. Company has been conitnually listed as non-productive. Officers: J. A. Glowe, President, Mullen, Idaho; Walter H. Hansen, Vice-President, Wallace, Idaho; Herman M. Marquardt, Secretary and Treasurer, Wallace, Idaho. Letter from H. M. Marquardt dated July 17, 1930 informs assets of company were sold to Independence Lead Mines Co., on a share for share basis. Independence Lead Mines Co. being an assessable company and financing its work by the levying of assessments—has to date levied two such assessments—one being for one cent a share and the second being for two cents a share—that any American Commander stock that was not sent in to be transferred to stock of the Independence and also any American Commander stock that failed to pay the assessments levied were sold for non-payment of such assessments—that any American Commander stock that is now outstanding is valueless, as the company owns no property or assets and will soon be dissolved.

American Fire Proof Steel Car Company. Incorporated—Illinois, May 22, 1898. Officers—Charles Randolph, president; James C. Murison, secretary. We find no trace of this company or its officers for a great many years, and believe the company has been out of existence for a great many years.

Name	Date Charter Forfeited	Vol.
On December 9, 1919, the company was dissolved by action of the Attorney General in the Superior Court of Cook County. There is no market for the stock as far as we can ascertain.

American 5 & 10 Cent Stores, Inc.		2
American Five & Ten Cent Stores Company, Inc. Incorporated Maine. Suit was brought against the company in 1915 in the United States District Court. The company did a big business, but it was admitted at the time that it had not sufficient money to meet current liabilities. Its headquarters were at 315 Fifth Avenue, New York City, and had stores in different parts of the East. According to the petition the assets consisted of wares and fixtures in the stores, which were reported to have had a book value of $200,000. The indebtedness was put at $200,000, all past due. The petition further stated that if the company was forced to suspend business an irreparable loss would result to both the creditors and the company. The above apparently happened for the company lost its corporate existence in 1917. We do not believe the stockholders received anything for the stock has been carried at no value since that time.

American Foreign Sales Corporation. Incorporated in New York State and had an office at 150 Broadway, New York City, in 1925. W. G. Kaylor, President. Present address—17 E. 45th St., New York City. Mr. Kaylor informed us that the company failed in 1930 and went out of business. At the time the company failed, there were no assets to be distributed on the stock, which is without value.		
American & Foreign Securities Corp.	N. Y. 1929.	
American Foreign Service Corp.	Del. 1933.	
American Foreign Trade Corp. This company was incorporated in Virginia. Carroll B. Graham, Vice-President; C. C. Goodfellow, Vice-President; T. N. Word, Secretary and Treasurer. Mr. W. A. Ferguson of the United Cigar Stores informed us that he was appointed receiver for the company and paid off all the creditors except a $250,000 loan made by the Tobacco Products Company. In 1927 410 shares of common stock sold at auction for $7 the lot. Therefore, the preferred and common shares of the subject company are absolutely worthless.

American Girl Mines, Ltd.	Incorporated in Arizona about 1907 and according to our records the company formerly had an office at 1027 Title Insurance Building, Los Angeles, California and was represented by W. J. Doran, President. It was reported that the company did not comply with the legal requirements in 1914 and 1915. No value given stock on December 18, 1912 for inheritance tax purposes. We searched all known mining records from 1907 to 1915 and found no record of this company's operations, nor any evidence that the stock ever had a value. We have searched all records of mining companies from 1907 to 1915 and did not find any market for the company's stock, nor any sales at auction. The stock was never listed on any exchange. The shares had no value between 1907 and 1913 nor at any other time.

American Heating & Power Co.		1

American Heating & Power Company. This company had an office in New York City and ceased business in 1880. In 1910 the stock was reported as worthless by Marvyn Scudder for the Transfer Tax Department. In view of the above, we submit the shares as valueless.

American Heating & Power Company. Value of First Mortgage 6% Bonds due 1902. Our records disclose that the property of this company was sold under foreclosure proceedings some time during the year of 1884, the proceeds from the sale amounted to $10,114. All of the proceeds from the sale were paid out for counsel fees, court costs, etc., leaving nothing for the bondholders. Under these circumstances we believe it reasonable to assume, therefore, that the bonds have no value.

American Hotels Corporation. Incorporated: Delaware. Capital stock: 8% Preferred and Common. Units: 1 Preferred and 1 Common. Officers: J. Leslie Kincaid, President; Geo. H. O'Neill, V. P.; Stephen N. Bobo, V. P.; Horace L. Wiggins, V. P.; Earl P. Campbell, Sec.; Charles Doherty, Treas. Directors: The foregoing and Frank A. Dudley, E. J. Hoskinberry, H. A. Lardner. Office: 25 West 45th, New York City. Remarks: Wesley Mager of 2 Rector Street, gave a bid of 50 in April, 1928. This bid was made by an individual and it is not known whether he would make the same bid for units of 1 preferred and 1 common. We expect further data from the company itself and will forward additional information when we receive same. Mr. J. Leslie Kincaid, president of this company, states that the market for the stock is not very active. There are few sales and occasionally when stock is offered he is able to find someone who is in the market for it. However it is rarely possible to sell the preferred without the common, which went with it as a bonus. He advises that owners of stock should communicate with him, and he will try to find a buyer for their stock.

American International Discount Corporation. Incorporated in Delaware, May 22, 1922, filed an amendment March 6, 1923 changing the name to Winslow Thrift Corporation. This corporation is no longer in existence, having become inoperative and void March 18, 1925 and proclaimed January, 1926 for non-payment of taxes. The above was in existence with offices at 233 Broadway, New York City, and the following were the names of the officers: President Alfred F. Winslow, New York City; Vice-President Wm. B. Brewster, New York City; Treasurer P. W. Ditto, New York City; Secretary E. D. Barton, New York City. No trace of the officers can be found. It is our opinion that the shares are worthless.

American Investment Securities Company. Value of Common Stock (par $10). Incorporated under the laws of Maine, February 26, 1900. Owns majority of the stock of the Columbian National Life Insurance Company and pays (subject to certain limitations) operating expenses of the company. This does not include payments to policyholders, and in consideraiton, therefore, the expenses loading on the premiums for all insurance written by the Columbian National Life Insurance Company together with certain other allowances, is assigned to the Securities Company by the Insurance Company. The main office of the company is located at 77 Franklin Street, Boston, Mass.

	1930	1929
Earned per share—common	$ .86	$ .78
Dividends Paid	.80	.80
Dividends Paid Feb. 15, 1931	.40	—

If we capitalize the earnings of the stock at 10% in 1929, it was worth $7.80 per share; $8.60 in 1930 and $8.00 per share in 1931. In 1930, the balance sheet showed an investment of 14,040 shares of the Columbian National Life Insurance Company worth $2,020,717. This stock is now worth $4,071,600. On December 31, 1930 the stock had a book value of about $14 per share. If the Company still holds the 14,040 shares of the Life Insurance Company stock, the stock ought to be worth $7 more per share or about 20. Brokers quote this stock as follows: Sheffield & Co., N. Y., May 9, 1931, bid 9, asked 14; Frederick A. Adams & Co., May 9, 1931, bid 8, asked 13. Averaging the above figures the stock has a present market of about $11 per share and submit it as such.

American Linen Fibre Company.	Incorporated under the laws of the State of Delaware being registered on October 19, 1908 and certificate filed with office of the Secretary of State on July 19, 1909. The assets of this company consisted mainly of patents. In the past its activities constituted an attempt to interest capital with which to develop a business. As far as we know it did not carry on any active business. We understand the company had no assets, except the patents and its liabilities amounted to a few thousand dollars. The stock was never very active, the only sales being reported in recent years occurred at auction on October 23, 1910 and December 29, 1923, when 100 shares sold at $30 the lot and 200 shares at $1 the lot, respectively. The Delaware charter was repealed on January 23, 1924, the taxes being unpaid for two years. It is our opinion that the shares are without value at the present time.

American Lithia Chemical Company, Inc.	Incorporated in Maine in 1904 and is still in existence. The secretary and treasurer advises us that the stock has only a nominal value as there is no market for it, nor is it listed. No dividends have been paid for the past five years and there is no immediate prospect of any resumption. We reached the secretary and treasurer of the company through Mr. McLean, of McLean, Fogg & Southard, 242 Water Street, Augusta, Maine, who acts as clerk of the corporation according to Maine laws. We, however, do not make out the officer's name and you would have to write to Mr. McLean in order to get in touch with the company.

American Manganese Mining Company		3
American Manicopy Typewriter Company.	Incorporated—Delaware, November 12, 1918. Officers—Lee D. Mathias, Chicago, Ill., Pres.; R. W. Hallet, Chicago, Ill., Sec. & Treas. This corporation was in existence with offices at 29 So. La Salle Street, Chicago, Illinois. Is no longer in existence, having become inoperative and void March 16, 1927 and proclaimed by the Governor January, 1928 for non-payment of taxes. In view of the above we believe the shares valueless at the present time.

American Mfg. Co.	N. J. 1918.	
American Manufacturing Company.	Incorporated—District of Columbia. There were two corporations of this name, the first was filed December 10, 1903 and the second January 24, 1905. The first has never filed a report, and the last annual report of the second was filed January 23, 1918, by Robert H. Young, trustee. Mr. Robert H. Young, trustee, informed us that there was an American Manufacturing Company that manufactured a laxative, of which he had no connection. He did, however, do some bookkeeping for the company that he was trustee of, but does not know what happened to the company, and believes they have been out of business for quite a number of years and the shares worthless. If anything had ever been paid to stockholders we would have found some record of it. Therefore, it is our opinion that the shares are worthless.

American Mining Company. Incorporated—Michigan. Property consisted of about 500 acres in Keweenaw County, Michigan, including the Central Mine. To December 31, 1871, assessments amounting to $21,000 had been levied. In 1908 company was in the hands of John W. Kingston, Calumet, Michigan, as receiver, and was being liquidated. We have found no record that anything was ever distributed to stockholders in liquidation. It is our opinion that the shares are without value.

American Motor Truck & Tractor Company.	Incorporated South Dakota, May 27, 1918. Incorporators: Geo. W. Benham, Detroit, Mich; Harold H. Armstrong, Detroit, Mich.; John L. Ross, New York City. We have searched our own files and many other sources of information available to us but can find no record of this company's existence at the present time. We are also unable to find any trace of the incorporators of the company. It is our belief that the company went out of existence several years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

American Oil Company.	Incorporated in Texas, 1923. Property in Tarrant County. We have searched our own records and many other sources of information available to us, but can find no record of this company existing at the present time. It is our belief that it went out of existence a number of years ago. As far as we can ascertain there has been no market for the stock for some time and we believe it has only a nominal, if any, value at the present time.

American Oil Royalties Seminole Corporation. Incorporated June, 1928. Capital: Common, no par; preferred, $10 par. Office: Philtower Bldg., Tulsa, Okla. Remarks: Offered by Merritt, Pierce & Co., Inc., in June, 1928. At present we are informed by the company that the preferred shares of this company are worth par. The stock was sold in units of one share of preferred and one of common. The company has already retired 15% of the par value of the preferred shares which of course reduces the actual par value per share to $8.50 and it pays an 8% dividend. The company is engaged in the purchase of both producing and non-producing royalty in the Mid-Continent field, and their plan of financing and operation provides that the titles to producing and non-producing royalties be taken in the name of the company. The proceeds from the oil taken from these properties is paid to the Central National Bank & Trust Company, as Trustee, under an agreement with the said Central National Bank & Trust Company, whereby the proceeds from the oil is paid to the stockholders of the bank. This includes the payment of all dividends and the money paid in retirement of the preferred shares. Merritt, Pierce & Company, Inc., located at 420 Lexington Ave., New York City, advises us that the American Oil Seminole Royalties Corporation have paid monthly dividends to date on the preferred stock.

American Patents Development Co. Mr. Lester G. Burdett, of 551 Fifth Avenue, New York City, treasurer of the company, informed us that the only assets the corporation held, was a patent that the United States Supreme Court held as invalid.

American Patents Development Corporation. 580 Fifth Avenue, New York City. The following is a letter received from the company: "At the Stockholders' meeting on March 18, 1930, the by-laws were amended by reducing the number of directors from fifty to five and the following Board was elected: William Dubilier, Edson A. Woodhull, Lester C. Burdett, Walter S. Josephson, William C. Schalck, Since then, the following new set of officers has been elected: President, William Dubilier; Vice-President, William C. Schalck; Secretary, Lester C. Burdett; Treasurer, Lester C. Burdett, 551 Fifth Avenue, New York City. "The new officers of the company have found a large number of complications involving the company's interests, which will take some time to adjust and straighten out. The directors are holding frequent meetings and giving all time and services without compensation and expect to preserve the assets of the company. The records of the company are voluminous and distributed among a number of individuals. These are being collected by the officers of the company, and it will be some time before they can be carefully studied, so that an intelligent report may be issued, showing the exact condition of the company. As soon as a report is completed, copy will be sent to all stockholders. The Directors and officers are not in a position to furnish stockholders with information as to prices or markets for the stock of the Company. We are in harmonious relations with the Dry Ice Equipment Corporation and are doing all that is possible to promote the welfare of our company. This letter is issued to the stockholders in reply to numerous requests that have come in for information about the company." We suggest you send the name and address of the person holding the stock, to the company, so that he will receive any further information published.

American Pneumatic Starter Co., Inc.		1
American Pneumatic Tool Co.	Incorporated in New York 1888 but was badly managed in its early existence. After a few years original officers were forced out and new ones elected. Conditions then improved for a short time but finally was forced out of business by sale of its creditors. Stock was wiped out.

American Quarries, Incorporated. This company was incorporated as a holding company and is located at 11 E. 36th Street, New York City, in care of Ralph E. Clifford. Mr. Clifford informed us that the company's only asset is shares of the Florida Travertine Corp. that is idle at the present time. The company holds 65 acres of land on a royalty basis. The land contains stone deposits on which there are mills and equipment. The company has been unable to pay sufficient royalties to hold the property and therefore the original owners will probably exercise their royalty lien mortgage and foreclose. Besides the royalty lien mortgage the company owes $100,000, of which nearly $30,000 are debenture bonds. According to the above the creditors will not receive anything. George W. Yoeman of Birmingham, Mich., and George L. Jones of Parkton, Md., are the holders of the royalty lien mortgage or in other words the original owners.

American Sanitary Lock Company. We have the following letter from Mr. Donald S. Morris, Vice-President of the Fletcher Savings & Trust Company, Indianapolis:—"The American Sanitary Lock Company is the predecessor of the American Sanitary Lock Corporation, a company that has its main office in Indianapolis. Our company as executor and trustee under the will of Leo Kahn, deceased, is interested in the present company. It is our understanding that the first named company was dissolved about July 16, 1919, when the present corporation was formed and that all of the capital stock of the former company has been cancelled. Since your letter of inquiry we have inquired into the situation and find that all of the cancelled stock certificates are on hand except certificate No. 1 for one share sold by Jackiel W. Young to Eugene C. Miller, in place of which the company holds an affidavit signed by Mr. Joseph that this certificate was lost and had not been transferred by him prior to its loss. We shall appreciate any information you have at your end of the line."

American Securities Company of Georgia. Value of stock dated 1911—Reported to have been incorporated under the laws of the State of Georgia. The Department of State of Georgia informed us that they do not find a corporation registered in their department by the above name. We have searched our services and files back to 1911 and find no record of this company. It is our opinion that the company is out of existence and the stock worthless.

American System Buildings Inc. Incorporated in New York January 29, 1917 and was located at 68 William St., N. Y. C., probably in care of Watson, Dristeller & Swift, the attorneys. Directors: Nelson E. Flandreau, Clinton P. Lovell. Mr. Flandreau, who is at present located at 2503 Ave. J, Brooklyn, N. Y., informed us that the properties owned by this company were foreclosed and sold about 3 or 4 years ago and that there was no equity left for the capital stock. Therefore, we submit the shares as worthless.

American Telegraph & Typewriter Company. The company is no longer in existence its charter having become inoperative and void on April 1, 1928 non-payment of taxes. The following are the last reported officers, of which we can find no trace at the present time. Pres., Geo. S. McAlpin, 81 Prospect St., B'klyn, N. Y.; Sec. & Treas., James W. Tart, 81 Prospect St., B'klyn, N. Y. As far as we can ascertain there is absolutely no market for the stock which we believe valueless at the present time.

American Telegraph Typewriter Company		3
American Telegraph-Typewriter Co.	Del. 1929.	
American Telegraphone Company. Incorporated — District of Columbia and is located at Springfield, Mass. The Co. is in the hands of a Federal receiver. The stockholders' only asset is the suit against Charles D. Rodd, President, and Charles A. Ballard, Secretary. No one knows when this suit will be settled, and having this in mind, it would seem fair to place only a nominal value on the stock at the present time.		
American Telegraphone Co.		1
American Telegraphone Company		2
American Telegraphone Company		3
American Telegraphone Company. Mr. Charles D. Rood, 31 Elm Street, Springfield, Massachusetts, informed us that there have been no developments or action taken with the company for a long time past. He also stated that the company is located in Springfield, Massachusetts, corner Harrison Avenue and Dwight Street. Mr. Rood stated that he has not heard what the company is doing now, but they have done very well in other lines of manufacture.		
American Telegraphone Company. This company is located at 179 Dwight Street, Springfield, Mass., and is engaged in the manufacturing business. Mr. Geo. V. Curtis, Factory Manager, of the company informed us that owing to litigation among some of the stockholders his company has been and still is carried on under a Federal receivership. A Mr. W. W. Millan, 900 F. Street, Washington, D. C. (Federal Receiver) possibly could give you the desired information. We are of the opinion that the receiver charges for this information. However, there is no market for the stock and the stockholders probably will never know the value of the stock until the Receivership is ended. We believe the shares have little if any value at this time.

American Transportation Company. We were informed by Mr. Joly at the office of the American Transport Company, 17 State St., New York City, on February 29th, 1924, that the American Transportation Company had ceased to operate. Also that there was a Government claim amounting to $500,000. for income taxes and that the attorneys representing the company had filed a claim for abatement for $100,000. The assets of the company consisted of $300,000. Liberty Bonds, $37,000. cash, $3,500. Atlantic Mutual Insurance Co., script. The $300,000. Liberty Bonds are pledged with the Federal Reserve Bank as security for the Government Income tax claim amounting to $500,000. There has been paid to the stockholders in liquidation 61% up to January 1, 1924 and in January, 1924 an additional 10% was paid to the stockholders. This 10% liquidating payment was made possible by the sale of two ships. There is approximately $400,000. par value capital stock outstanding. Mr. Joly stated that he was unable to give any idea as to the probable result of the Government's $500,000. income tax claim. If the company is unsuccessful in fighting the Government's claim for income taxes, the probabilities are that the stockholders will be assessed to make the deficiency in the amount of assets as compared with the claim. In view of the foregoing we will attach no value to this stock as of December 31, 1923.

American Utilities & General Corp. Succeeded by American & Dominion Corporation. The latter company is located at 40 Wall Street, N. Y. C. Its shares are listed on the Chicago Stock Exchange and are at present quoted at ⅛ bid, ½ asked. In April, 1932, the stockholders approved sale of assets to the new company. Each share preferred exchanged for 2 shares common of new company, each two shares "A" exchanged for warrant to purchase 5 new shares common and each two shares "B" exchanged for warrant to purchase one new common share.

American Voting Machine Company (Maine). The American Voting Machine Company, a Delaware Corp., bought the assets of a Maine and Massachusetts Corp. for 150,000 shares of stock of their corporation, and was to be held in trust by F. E. Nichols. The Maine corporation as far as we know is still in existence. The 150,000 shares are distributable pro rata to the stockholders of the Maine and Massachusetts corporations. Officers of the Delaware Corp.: Frank M. Ashley, Patent Attorney, D. S. Merwin. The officers of the Delaware company appear to be the same as the Maine company. We spoke to Mr. Ashley on the phone and he states that he does not know where Mr. Nichols is, and does not know anything about the stock. There is something funny about the whole matter. The present corporation is located at 136 Liberty St., N. Y. C. There is no market for the stock of the Delaware company. However, the shareholders of the Maine corporation are entitled to their pro rata share of stock, which we believe has a nominal value. We suggest your writing to the company direct.

American Wireless Co.		2

American Wireless Telegraph & Telephone Company. Incorporated—Arizona. This company originally issued stock at $100 per share, but later reduced the par value to $20. About 1901 or 1902 merged with six other companies to form the Consolidated Wireless Telegraph & Telephone Company with a capitalization of $25,000,000. At the time the consolidation was considered merely a movement to shirk the responsibility that eventually would incur; namely bankruptcy. The new company continued in business until about 1903 or 1904 and after that time we are unable to find any trace of it and believe it went out of existence about that time. During the past ten or twelve years many sales of the stock have taken place at auction for very nominal figures. One being 900 shares for $1. the lot. We believe the stock of both companies valueless at the present time.

American Witch Hazel Company		3
American Woman's Exposition Co., The	Ohio 1921.	

American Woman's Realty Corp. There was no market for the preferred or common stock shares at any time near the date of death. However, we found the following sales at auction. On Dec. 23, 1931, five shares of preferred stock were sold at auction for $15. the lot. On Oct. 28, 1931, 100 shares of common stock were sold at auction for $10 the lot. Therefore, we submit $3 per share for the preferred and 10 cents a share for the common as fair as of Oct. 22, 1931.

American Womans Silks, Inc.		3

American Women's Club, Ltd. Incorporated in England and is located at 46 Grosvenor Street, London, W. I. England. We have no idea of the present value of the shares as they have no active market.

Amex Copper Company. Supplementing our last report, we have been informed that the shares of this company are without value. The company lost their property and has no assets. A new company is to be formed, and the stockholders of this company can come in upon payment of an assessment. It is our opinion that the shares are worthless. Incorporated in Arizona and has an office at 198 Broadway, N. Y. C. This company is controlled by the Santa Rito Copper Company. We sent two letters to the company and they have not been answered nor returned. We sent a representative to the office of the company and found the door locked. In fact we cannot find that the company has a telephone. We will make an attempt to get further information.

Amityville & Huntington Ry. Co. Incorporated under the laws of New York State, May 21, 1903, to operate a street surface electric road over 14 miles from Amityville to the Long Island Railroad depot in Huntington. Directors: C. B. Smith, Brooklyn, N. Y., W. K. Putnam, A. S. Sanborn. We searched our railroad records issued by the Railroad Commission of New York State for the year 1903, 1904, 1905 and 1906 and found no record of a company by the above name. We searched our "Railway Age" records for the same period and found no record of any construction. It is our opinion that the road was never constructed and the shares are worthless.

Ammonusic Mining Company. Incorporated in Maine November, 1879. Capital—$500,000; par value $10. Officers—Edmund Dana, Jr., President; Geo. S. Winn, Treasurer. This company ceased to do business a great many years ago, and was excused from making annual reports in 1887. We find no trace of the company since that time and believe it out of existence. There has been no market for the stock for many years; accordingly we submit zero as a fair value at the present time.

Anchor Milling Company. Incorporated under the laws of New Mexico in 1919. This corporation is in existence, and is in good standing according to state records. It is located in Albuquerque, New Mexico. According to the last annual report filed in the office of the State Corporation Commission the following are shown as officers: President, Arthur A. Bachechi; Vice-President, Ettore Franchini; Secretary and Treasurer, Chas. Del Curto; all of Albuquerque, New Mexico. There is no open market for the stock, however, and we suggest that you communicate with the above named officers for further information.

Anchor Petroleum Company. The Anchor Petroleum Company was incorporated under the laws of the State of Arizona in 1919, and has never filed a report with the Secretary of State. Their charter was revoked on July 12, 1927 for failure to pay taxes. We found that the company had an office at 70 Delaware Street, Buffalo, New York in 1922. In 1920 it was reported that the Metals Finance & Development Company, Buffalo, and the National Finance Company, Buffalo, were interested in the company. According to the state records both of the above companies failed and are out of existence. We have been unable to find any trace of any of the companies for a good many years and submit the shares of the Anchor Petroleum Company as valueless.

Andes Bullion Mining Company.	Incorporated in Arizona April 29, 1907, and since said date has failed to make annual reports or pay fees. Accordingly we are unable to find any trace of this company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Anglo-American Savings & Loan Association.	Incorporated in New York State with an office at 257 Broadway, New York City, and failed in 1898. In 1901 the Association transferred all its assets to the Empire State Realty Company. The stock of the Anglo was assigned to the Empire for a like amount of stock in the Empire State Realty Company at par. The officers of the new company were the same ones that mismanaged the affairs of the first company. In 1906 the Empire State Realty Company dissolved. Mr. Herman Young, Secretary to Mr. Thomas L. James, who was in some way connected with the first company, informed us that he cannot recall a single instance where a stockholder of either company recovered anything. It was reported in 1911 that the stock of the Empire State Realty Company was worthless.

Anita Safety Match Company.	Incorporated in New York and had an office at Room 165, 45 Broadway, New York City, in 1910. Officers—Philip Ronkin, President; Anita C. Lichtendorf, Secretary; Samuel Lichtendorf, Director; Herman Laxer, Director; Louis R. Kaufman, Treasurer. Capital—$5,000. Reported as having moved to Brooklyn in 1912. Our Corporation Directory for 1916 listing Brooklyn concerns does not list any company by the above name. It is our opinion that the company is out of existence and the stock worthless.

Anthracite Oil Gas & Coal Co. We are unable to find any trace of this company at the present time and believe it has gone out of existence. The company has not paid taxes or filed annual reports since the year 1925 and unless such reports are made the company will be declared legally dead. We find no market for the stock at the present time and believe it has only a nominal, if any, value.

Antox Paint Company. Incorporated in Indiana, April 7, 1915 and filed its last report on July 2, 1917 showing the following as officers and directors: Hugh M. Love, 1804 N. Meridian St., Indianapolis, Ind.; Irving C. Brown, 2940 N. Penn St., Indianapolis, Ind.; Hugh McKlandon, 904 Hume Mansur Bldg., Indianapolis, Ind.; James H. Snowden, 807 Odd Fellows Bldg., Indianapolis, Ind. We are advised that this company has been out of existence for about 12 or 14 years, and the affairs of the company wound up. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Apco Manufacturing Company. Incorporated in Rhode Island, and has an office at Attleboro, Massachusetts. Company merged to form the Apco-Mossberg Corporation in May, 1927. Lewis R. Smith was appointed receiver for the succeeding company in October, 1930. The outstanding bonded debt amounts to $445,000 of which interest is in default. The receiver informed us that the property is being foreclosed, and the sale will not pay the bondholders in full, leaving nothing for the stockholders.

Appalachian Corporation. Value of Certificates of Deposit for 6% Bonds due 1937. Incorporated under the laws of Georgia December 22, 1916 and the main office was located at Tallulah Park, Ga. Louis B. Magid and E. R. Black were appointed receivers July 1, 1922. The New Orleans and Missouri properties were sold at a sheriff's sale for less than the amount of the mortgages and lost entirely to the bondholders. The only assets remaining were the Georgia Orchards and lands. On July 1, 1924, all remaining assets were sold to Wil H. Douglas, New Orleans, Louisiana, and sale was confirmed by the Court. Mr. Douglas, who is associated with The Douglas Public Service Corporation, New Orleans, Louisiana, informed us that the bonds or certificates of deposit of the Appalachian Corporation became extinct in 1922 when all of the property of that corporation was sold at public auction in New Orleans. All of the bonds, stock and certificates of deposit, etc., were wiped out at the foreclosure sale and are now without value.

Appian Mines Company. Incorporated under the laws of Nevada. Following are names of officers and directors: President, H. L. Moses, Reno, Nev. Secretary and Treasurer, F. C. Moses, Reno, Nev. Res. Agent, F. J. DeLongchamps, Gazette Bl Reno, Nev. They are delinquent in the amoun of $7.50 for failure to file annual statement of off ers and directors for 1929-30. The above persons are named on the list filed for 1928-29 in the Secretary of State's office. Mr. F. J. DeLongchamps writes the following: "This company owns a lease and option on a large area in the Talapoosa Mining District, and has just completed a 50-ton mill, which is now in operation. The extraction and capacity of the mill is satisfactory, and should run continuously for some time to come on the estimated 25,000 tons of ore in sight. The stock of this company is not yet listed, but has been selling for 10 cents per share to finance the construction of the mill. The company is now completely financed, and ready for production." We suggest that you communicate with brokers in Reno for a market as we do not locate any in this part of the country.

Aquila Amalgamated Mining Company. Incorporated—Arizona about 1905. Capital—6,000,000 shares; 500,000 issued. Par Value—$1. Company owned about 8 claims in Hostotipaquilla mining district of Jalisco, Mexico and for a time produced some high grade ore. However, we find no trace of the company after 1916 at which time it was reported dead. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.		
Aquila Coal Company		3
Aquila Consolidated Mining Company. Incorporated—Arizona. We have thoroughly searched our own files and those of the Secretary of State of Arizona and find no company of this title, and it is our belief that it is out of existence. As far as we can ascertain there is absolutely no market for this stock and in view of the above believe it valueless at the present time.

Arbogast and Bastian Company.	There has been one recent sale of the stock of this company at $100 per share involving 10 shares. There were no transfers of stock within six months prior to the date of death. We assume that this sale took place since then. In view of the above, we submit $100 per share as a fair value for the stock as of December 18, 1932.

Arctic Mining & Power Co.		1
Arctic Mining & Trading Company.	Incorporated—West Virginia about 1909. J. P. Hazlett, President. We are unable to find any trace of this company for a long time and believe it went out of existence many years ago. In February, 1914 the charter of this company was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Ardsley Butte Corporation. Incorporated in November 1929 in South Dakota and had an office at 85 Hirbour Building, Butte, Mont. There was no market for the stock of this corporation in 1930 nor in 1931. Early in 1931 it was reported that this corporation has changed its name to Butte Mines Holding Corporation. There is absolutely no market for the new stock. The company still maintains its corporate existence, and in order to establish a loss, the shares must be sold. The proper procedure would be to sell the shares at auction. In our opinion the stock has no value.

Ardsley Butte Mines Corporation. This stock is listed on the Boston Curb and the average sale for the month of Aug. 1929 was at 62 cents per share. Therefore, we submit 62 cents per share or $620 as a fair value for 1000 shares as of Aug. 23, 1929.

Ardsley Casino Co.. N. Y. 1896. Stock believed worthless.

Ardsley Estates, Inc. The Second Mortgage 5% bonds mature in 1936 and interest has been paid to date. Originally these bonds were sold at par with a stock bonus and certain of the capital stock was subscribed for at $100 a share. This is a Club and to become a member it is necessary to hold stock originally subscribed for at $100 cash. The bonus stock does not entitle one to membership in the Club. No dividends are paid. The Membership Stock has sold and is worth $30 a share and the Bonus Stock is worth nominally $5.00 to $10.00 a share.

Argentine Railway Company. Registered office of company is 281 St. John Street, Portland, Maine. The assets of this company were transferred to the South American Assets Company, Ltd. As consideration for said assets the South American Assets Company, Ltd. of River Plate House, 13 South Place, London, England, issued its Debenture and Share Capital of which with the exception of 175,000 shares of £1 each were delivered to the secured noteholders of the Argentine Railway Company thus leaving the Argentine Railway Company with 175,000 shares of £1 each of the South American Assets Company as its only asset. As the £1 shares of the South American Assets Company are passing on the London Market at about 4½d per share you will appreciate no value would be attached to the ordinary shares of the Argentine Railway Company upon valuation of their only asset bearing in mind that there are 150,000 preferred shares ahead of the 300,000 ordinary shares.

Arizona Copper & Mining Company		3

Arizona Copper & Mining Corporation. Incorporated—Arizona March 14, 1916, and had an office at Prescott, Arizona, in 1920. A. W. Davis was president and F. J. Hobson, cons. engineer. Record (1919)—Property—2½ miles N. E. of Mayer, Yavapai County, Arizona. Reported to have opened up a 10 foot vein of commercial copper-silver ore on the 500 foot level. Ore averaged about 20 to 40% copper, as chalcopyrite, country rock is schist. Shaft 30 feet deep, March, 1919. The Mines Handbook of 1922 reports that the above company presumably is dead. No trace of the company could be found after 1919 and believe it went out of existence in 1920. The Arizona Corporation Commission reported that the company had not made any report since 1919 nor paid any registration fees and as soon as an appropriation is made the company will be declared legally dead. It is our opinion that the shares are worthless.

Arizona Copper Mountain Company 3

Arizona Copper Queen Mining Co. Incorporated—Arizona. This Company is legally dead; its charter was revoked on August 2, 1927, for failure to pay annual registration and report filing fees. Last annual report filed with the Arizona Corp. Commission was for year 1917.

Arizona Copper Queen Mining Company. Incorporated—Arizona, July 24, 1907. Capital—$5,000,000; outstanding 2,641,000 shares. Par value—$1. Property—8 claims in Yavapai County, Arizona. The company has been idle since September, 1918, and to date we have no record of the company resuming businss. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Arizona Copper Syndicate, Ltd. 2

Arizona Copperfields, Inc. 1

Arizona Cornelia Mines Company. Incorporated—Arizona, 1917. Office—Tucson, Arizona. Officers—John Nelson, Vice-Pres., Treasurer; Tom K. Richey, Secretary, with John Latz and M. C. Adams, directors. Property—7 claims, adjoining the New Cornelia in the Ajo district, Pima County. Mail returned unclaimed April, 1919, from former office, Tucson, Arizona. In 1926 it was reported that the company is probably idle, if not dead. It is our opinion that the shares have no value.

Arizona Lease		1

Arizona Magma Mining Company. Incorporated in 1925 with a capital of $800,000 par value of shares $1 each. President, C. T. Carpenter, 616 Heard Bldg., Phoenix, Arizona. Mr. Carpenter had an office at 120 Broadway, N. Y. C. in 1930 when he offered the stock to the public. The property of the company is reported near Chloride, Arizona. According to the mining records, the company has a flotation plant to treat silver-lead ore. We searched our records back to 1930 when the stock was offered to the public and found no market for the shares since then at any price. This company is probably affected like all other silver and lead mining companies because of the low price of silver and other metals. In view of the above we do not believe the preferred or common shares have more than a nominal value at this time. For inventory purposes we submit 2 cents per share for the preferred and one cent per share for the common as of Aug. 24, 1933.

Arizona National Copper Company. Incorporated in Arizona, February 1, 1906. Capital—$3,000,000. Par value—$10. Officers in 1920—Thos. M. B. Hicks, Pres. & Treas.; C. S. Messerly, Secretary. Address—327 Pine Street, Williamsport, Pa. Property has been reported as idle since about 1916. In 1920 the property was sold under foreclosure and the company dissolved. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Arizona United Mining Company. Incorporated in Arizona in 1910 and was reported as a close corporation. The company had cash on hand of $15,976 in 1918. Since 1922 the properties were under lease to the Arizona United Development Company. The latter company lost its properties in 1924 by a judgment levied against them. However, we located Alfred S. Miller, president of the company and lawyer, and sent a letter to his office at 1420 Chestnut Street, Philadelphia, and our let-

*See page 1 for information.

Name	Date Charter Forfeited	Vol.

ter has not been answered nor returned. The shares have no market value and submit only a nominal value for the shares at this time.

Arizona United Mining Co. Our correspondent informed us that this company is extinct and its securities are worthless. The property of the company was sold by the U. S. Marshal to satisfy a tax claim. The president personally lost about $273,000 in the venture. In view of the above, we submit the shares as worthless.

Arlington Mills (1899).	Mass. 1931.	
Arlington Mills Manufacturing Company.	Incorporated by Act of Legislature April 8, 1881, but was not incorporated under the General Corporation Law of the State of Delaware. So far as the Secretary of State of Delaware has any knowledge the company has been out of existence for at least 20 years. We have made a thorough search of our old records and find no evidence that the stock has any value. It is our opinion that the shares are without value.

Army and Navy Company Operative Co.	Incorporated in New York and was engaged in the uniform business with an office at 512 Fifth Avenue, New York City in 1922. Gen. R. C. Marshall, Jr., President, 101 Park Ave., New York City. It was reported in 1923 that the company had dissolved. General Marshall informed us that the stockholders realized nothing when the company liquidated and that the stock is without value. Therefore, in view of the above, we submit the shares as worthless.

Art Collectors Club. Organized under the laws of Oklahoma in 1907 and at one time had an office at No. 1524 Chestnut St., Philadelphia, Pa., and had the following officers: William Roberts, President; Frank A. Hayes, Secretary & Treasurer. We understand the business was established by Frank A. Hayes and the idea was to dispose of sets of pictures produced in a cheap but artistic style and sold at a high price. Every purchaser of pictures was asked to become a patron of the Art Collectors' Club, and was then presented with a Capital Stock Certificate, said to give the right to purchase another set of pictures within a limited period of time. It is reported that considerable money was made out of this scheme but all this took place many years ago. The company also had an office at No. 2291 Broadway, New York City, New York, but in 1903 it went out of existence and the stock has been reported of no value since. On May 12, 1905, five shares sold at auction for $2 the lot. We consider the stock of no value.

Asbestolith Manufacturing Company. Incorporated in New York and had an office at 156 Fifth Avenue, N. Y. C., in 1906 and is now located at 1 Madison Avenue, N. Y. C. Harry R. Woodward, President. The only dividend paid by the company was 2½% in 1907. At that time the stock was valued at 50 cents per share. The company informed us that some shares sold about two years at $10 per share but nothing like that price could be obtained now, if anything. If you desire to sell the shares we could probably obtain some nominal bid.

Ashe Syndicate No. 2. Mr. H. C. Burke, Jr., Assistant Vice-President of the Continental National Bank of Fort Worth, Texas, informed us that they extend credit accommodations to the above syndicate well into four figures, under the general endorsement of an individual, that makes the note perfectly good and acceptable. Steele & Company, Petroleum Building, and Franks & Company, Electric Building, Fort Worth, Texas, will probably quote a market on the units. The units have no active market, but a letter to the syndicate of that city and the brokers will probably give you the information you wish.

Associated Dealers Underwriting Corp.	Del. 1933.	
Associated Dental Products Co. Incorporated in Delaware and was engaged in the dental supply business with an office at 11 W. 42nd St., N. Y. C. The building agents at the above address reported that the company "blew up" last year. We were informed that the whole proposition was misrepresented to the public by the promoters, who were convicted and sentenced. The company probably had a good thing, but its affairs were poorly handled. The company was left with no assets, and in our opinion the shares are without value.

Associated Investments, Inc. Incorporated under the the laws of Florida on April 24, 1925, and is still in existence. Officers: J. A. Waterman, President, c/o Maas Bros., Tampa, Florida; M. G. Gibbons, Jr., Vice-President, 502 Citizens Bank Bldg., Tampa, Fla.; Chas. G. Mullen, Secretary, c/o Tampa Daily Time, Tampa, Florida; P. J. Harvey, Asst. Secretary, 201 Franklin St., Tampa, Florida. We have written to the company for a value of their stock, and will forward a final report upon receipt of same.

Associated Investments, Inc. Supplementing our report of February 24th, Chas. G. Mullen, Secretary of the company informed us as follows: "This company was organized to deal in real estate margins and other speculative enterprises during the Florida boom. It is now, in the opinion of its auditors, hopelessly insolvent. Two of the officers of the company personally endorsed bank loans for $40,000 which they individually are now paying. The stock is not considered as having any value, market or otherwise." In view of the above, we do not believe the shares have any value.

company. The Delaware Mines Corporation was developing the old Rex property near Wallace, but was unable to finance the work further, and finally got in debt. The situation at present is an endeavor to save the property and finish development. For appraisal purposes the stock has no value. For further information we refer you to Mr. Roy H. Kingsbury, 219 Cypress Street, Wallace, Idaho.

Associated Oil Development Co. Joint stock association, unincorporated. Capital $75,000, par value $100. Officers: Thos. R. Irth, President; T. A. Hicks, Secretary. We are advised this company went out of existence about 1921 or 1922 and we find no trace of it since that time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Associated Realty Owners, Inc. Incorporated in Delaware and was located at 630 Subway Terminal Bldg., Los Angeles, Calif. This corporation owned over seven million dollars worth of properties in California. Due to the fact that all the creditors demanded that the company continue the regular interest payments, on bond issues, trust deeds and first mortgages and taking advantage of the company's inability to secure money, foreclosed on all the properties, leaving the company with no assets. In view of the above, we submit the shares as worthless.

Associated Simmons Hardware Companies. Value of 7% Participation Pfd. Stock, Par $100. This stock was offered on March 9, 1931, at 35 with no bids. Ryan & McManus of New York, on April 9, 1931, quoted the stock at 10 bid, 35 asked. If there were any actual sales we do not believe that more than 10 was paid. According to brokers the stock is offered at 35 and 10 might be paid. We believe $8.00 per share was fair as of March 20, 1931.

Atkinson Furnishing Company.	Incorporated—Maine. Last reported officers—Geo. B. Chandler, President; Lewis H. Josselzn, Treasurer. This company filed its last return in 1901 and its charter was suspended in 1902 for non-payment of taxes. We have been unable to find any trace of the company since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Atlanta Home Gold Mining Company.	Incorporated in Delaware in 1915 and had an office at 111 Broadway, New York City, in 1920. F. R. McNamee, President; M. Justice, Secretary E. M. Bray, Treasurer. The company was reported to own 11 claims at Atlanta, Lincoln County, Nevada. Mr. Edmond B. Bronson, 111 Broadway, New York City, who represented the company, informed us that the company went out of existence in 1921 and that the shares are without value. The charter was forfeited in 1924. In view of the above we submit the shares as worthless.

Atlantic Coast Fisheries Company. Value of stock dated 1917 and 1920. Incorporated 1917 in Maine and was reorganized January 26, 1922. On March 23, 1922 a corporation of the same name was incorporated in Maine. Under the plan of reorganization stockholders of the old company received in exchange for their holdings stock in the new company as follows: ¼ of a share of New Preferred plus 1/10 of a share of Common for one share old Preferred. 1/5 of one share of New Common for one share old Second Preferred. 1/20 of one share of new Common for one share of old Common. We were informed by the Treasurer's office of the present company, which is located at 111 John Street, New York City, to the effect that the time limit to make the above exchange had expired in 1922 and the shares of the old company are now without value.

Atlantic Express Company. Value of Common Stock. Incorporated in New York and was located at 50 Broad Street, New York City in 1909 and at 122 Hudson Street in 1915. The company filed a petition in bankruptcy on September 19, 1915, showing liabilities of $228,366 and assets of 47,786. In view of the above statement, it is reasonable to assume that the common stock had no equity in the final windup of the company and is in our opinion without value.

Atlantic Fruit and Sugar Company. Value of 8% Income Deb. Bonds, due 1949. Incorporated in Maryland February 15, 1924 as a reorganization of the Atlantic Fruit Company. On Dec. 29, 1931 a receiver was appointed and on June 1, 1932 the company had been dissolved. Funded Debt: $10,000,000 1st 7% Bonds, $3,500,000 2nd Income 7's, $5,607,500 Income Deb. 8's. No interest has ever been paid on the 8% bonds. The 1st Mortgage bonds are selling around 5%. Mr. Armstrong, an attorney, who is probably acting for the company, informed us that the 1st Mortgage bondholders will not be paid in full, leaving no equity for the 2nd Mortgage and Income Deb. 8's due 1949, which are absolutely worthless.

Atlantic & Gulf Investment Company. Incorporated under the laws of the State of Florida on May 5, 1913. We understand this corporation is not in good standing, as it has not complied with Chapter 11829, Acts of 1927, relative to appointing a resident agent, naming officers and directors. The incorporators were: W. M. Poage, Palatka, Florida; E. A. Lindsley, Jacksonville, Florida and Charles R. Armstrong, Sr.; Jacksonville, Florida. We suggest that you endeavor to get in touch with the incorporators through correspondence and possibly obtain more definite information from them.

Atlantic Pacific Mutual Mining Co.		2
Atlantic & Pacific Oil Company.	This company was organized some years ago under the laws of Arizona and formerly conducted operations in San Francisco. In 1901 the concern was barred from the United States mails and at that time received a great deal of newspaper notoriety, which would indicate that it was fraudulent. These shares have been listed and reported as worthless for some years and we submit them as such at the present time.

Atlantic Realty Syndicate, Inc.	Incorporated—Florida, 1925. Capital—$50,000. Par Value—$100. Officers—Alfred C. Ulmer, Vice-Pres.; Clifford S. Johnson, Sec. Office—Jacksonville, Fla. The company was organized during the "boom" period in Florida for the purpose of speculating in real estate. Owing to the long depression in the real estate field in Florida the company was unable to hold the property and it was finally deeded back to the mortgagees. The company has no assets but has outstanding liabilities of thousands of dollars which can never be paid. We believe the stock has no value.

Atlantic Steamship Co.	Del. 1930.	
Atlantic Steamship Company, Ltd. 7's due 1928, Series A; 7's due 1928, Series B. On February 29, 1924 we spoke with Mr. Arthur Hoyt of 25 Beaver Street, N. Y. C. and was informed that the steamship "Margaret Coughlin" carried at $549,919.37 in the balance sheet of the company as of January 15, 1924 was worth, in his opinion and could be sold for $400,000 and that there was $600,000 insurance on it. Mr. Hoyt's opinion was that the Series A bonds were perfectly good and that a valuaiton of 60% would be fair for the Series B bonds if he had the money he would be willing to pay that price for them. Assuming the steamship to be worth $400,000 the total assets as of January 15, 1924 amounted to $448,974.96 from which we subtract miscellaneous liabilities amounting to $14,203.71 leaving a balance of $434,771.25 security for A and B bonds. There are $84,575 series A bonds and deducting this leaves a balance of $350,196.25 for the $497,500 Series B bonds or approximately 70%. In our opinion it would be fair to allow the Series A bonds at par and Series B at 60% and the common stock at 0 as of December 31, 1923. The above report was rendered in 1924 and shows the condition of the company at that time. Mr. Straus of C. P. Stewart Company Inc. informed us that the company lost the "Margaret Coughlin" and that the bonds were wiped out in the reorganization, leaving no equity for the capital stock which is without value.

Atlas Corporation. This company operated a string of taxicabs in Chicago during 1917 and evidently did not make a success of the venture, as a receiver was requested in the same year for both the company itself and the brokers who were making a specialty of its stock. We do not find any trace of it for a number of years and believe it out of existence. On August 26, 1922, 3,000 shares of this company's stock sold at auction for $15 the lot.

Atlas Corporation. Incorporated in Virginia, February 8, 1917, to operate a taxicab service in Chicago. The corporation was placed in receivers' hands in 1921. The last balance sheet showed assets of $267,580, against which were liabilities of $17,273 and $234,500 of Preferred Stock and preferred dividends in arrears amounting to $65,660. The corporation sold the $234,500 of Preferred Stock to Andrews & Company for $215,000 in notes, which have never been paid. It was reported that any company which could succeed against such a handicap in the form of expense it must meet to raise capital would have to be a financial marvel, piloted by wizards. We do not find that any liquidating dividends were ever paid on the Preferred Stock. Most of the assets consisted of leaseholds and equipment. The leases were probably lost and the equipment was apparently sold for junk. It is our opinion that the Common Stock is without value.

Atlas Railway Signal Company. This company continues to do business in a small way and to pay its obligations and avoid getting into debt. It has not, however, been able to get properly financed and to enter into the activities in its line which were originally contemplated, with the result it holds a number of U. S. patents which are believed to be partially infringed by some of the systems now in use on the railroads, but which would require extensive law suits to establish these lines. You will understand that the total actual investment in this company was less than $10,000 in cash, that it is not in a position to conduct litigation of this kind, although it is possible that such litigation would be extremely profitable. For further information we refer you to the company located at 1071 Sixth Avenue, New York City.

Atmo Signal Corp.	N. J. 1926.	
Atmo Signal Corporation. Incorporated—New Jersey. Mr. J. H. Scharff informed us that the Atmo Signal Company went into the hands of a receiver on January 4, 1932. He understands that there will be little left for the stockholders. According to the above statement, it is possible that the sockholders will get something. The receiver is Harry Cohn, 17 Academy Street, Newark, New Jersey. It seems that the company's name was changed to Atmo Automatic Fire Alarm Company For tax purposes the shares had only a nominal value on August 23, 1931. We advise you keeping in touch with the receiver for further information regarding the company's liquidation.

Auto Parts Company. Incorporated—Illinois. Capital —$1,000,000. In 1917 a receiver was appointed for the company, at which time the liabilities were reported to be over $200,000 and the assets $150,000. We do not find any trace of the company for a number of years and believe it has gone completely out of business. On July 13, 1926, the charter of the company was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Automatic Loom Company. Incorporated—Nebraska, April 15, 1897. Capital—$5,000,000; par value $100. This company acquired patents from the Hunt Automatic Loom Company, but evidently did not make much of a success at the business, as the charter of the company was declared null and void in 1909. In view of the fact that the stock has been appraised as valueless for tax purposes for many years, we submit it as such at the present time.

Ayer-Taylor Corporation. This corporation was chartered under the laws of Illinois, January 31, 1902, as the Bennett & O'Connell Company. The name was then changed to Bennett O'Connell Stevens Company, April 22, 1909. It was again changed to Ayer-Taylor Corporation June 10, 1921, and another change was made to Bennett O'Connell Company September 14, 1922. The corporation defaulted in the matter of annual reports and franchsie tax and was accordingly dissolved in the Superior Court of Cook County, September Term 1926 under General Order No. 22699. According to the last report, which was filed with the Secretary of State of Illinois, March, 1924, the following were the officers: Uva S. Ayer, President and Treasurer, 6101 Winthrop Ave., Chicago, Ill. A. Pina, Jr., Secretary, 6954 S. Lincoln St., Chicago, Ill. There has been no market for this stock for several years, and we believe it valueless at the present time.

Baca Land Grant Company.	This company had an office in 1905 at 170 Broadway, New York City, and subsequently moved to 42 Broadway. We have found no reports or records of further activity, and believe it has long since gone out of existence. There is absolutely no market for the bonds, which we believe have only a nominal, if any, value at the present time.

Baer Brothers Company, Inc. This is a New York Corporation having a reported capital stock of $580,000, and now located at 394 Fifth Avenue, New York City and engaged in the Women's Wearing Apparel business. The present officers are as follows: David Baer, President; P. T. Winslow, Secretary; Joseph Baer, Treasurer. On December 26, 1925, we find that the Preferred stock sold at auction in Philadelphia at $30.00 a share. This is a close corporation and the stock is not dealt in publicly. The only means of ascertaining the valuation of this stock is by inquiry direct to the corporation which we will be glad to do upon request from you if you will kindly supply us with additional information, such as the name of the estate or party holding this stock.

Bagdad Smelting & Refining Company. A voluntary association formed under a declaration of trust and recorded in the Department of Corporations and Taxation. At time of filing of registration the following people were trustees: Louis F. Buff, President, Jamaica Plain; George E. Kimball, Vice-President, Roselindale; Albert U. Kimball, Secretary, Jamaica Plain. Mr. Geo. F. Kimball informs us that he is no longer connected with this company. On January 16, 1928 in a market letter from Dailey & Company, 101 Milk Street, Boston, Mass., was the following paragraph: "The share-

Name	Date Charter Forfeited	Vol.
holders of this company will be interested to know that the Litigation that has been going on for some time between the Bagdad Smelting and Refining Company, and W. B. Lewald of Colorado, which has delayed the progress of the company, has now ended. All Lawsuits are to be dismissed and the company will proceed to mill its ore as soon as weather permits." There apparently is no market for this stock at the present time.

Bakersfield California Oil Company. About 1902 this company maintained an office at 502 Washington Street, San Francisco, Calif., and the following were the officers: Bert M. Thomas, President; J. J. Evans, Secretary. The capitalization of $750,000, we believe, was sufficiently high to prevent the shares from having much value, on the basis of the property controlled, even at the time the company was operating. Property consisted of about 160 acres in a location where little, if any, oil was found. We have been unable to find any trace of the company for a great many years and believe it has gone out of existence. As far as we can ascertain there is absolutely no market for the stock.

Bakery Finance Corporation.	Incorporated—Massachusetts. This company filed its last report on May 28, 1926 and the following were reported officers:—Timothy Keefe, Ashton, R. I., President; Frank L. Fowler, Oak Lawn, R. I., Treasurer; No Clerk was elected; Directors—Joseph Keefe, Ashton, R. I.; Timothy Keefe, Ashton, R. I.; Neil D. McKenzie, Arnold Mills, R. I.; E. J. Landerie, Jr., Providence, R. I.; Raymor D. Woodhead, Valley Falls, R. I. So far as appears of record here said company still has a legal existence, but upon inquiry at the office of the Commissioner of Corporations and Taxation it is stated that said company went into the hands of a Receiver July 2, 1926. We find no market for this stock since 1923 and believe it has no more than a nominal, if any, value at the present time.

Bald, Warren L. Corp.	N. Y. 1931.	
Bald Creek Country Club.	Value of 6% 1st Mtge. Bonds due 1939. Mr. Harold A. Ley, president of the club, and who is located at 25 W. 43rd Street, N. Y. C., informed us that about Oct. 6, 1932, the bondholders had instituted foreclosure proceedings against the club. When the new club was organized it issued 5% bonds for about three-quarters of the amount of old bonds and the balance in preferred stock. The interest on the bonds will start to accumulate on July 1, 1933. There will be no dividends paid on the preferred stock for some time to come. Mr. Ley stated that he doubts whether a bondholder could have obtained more than 40 for his bonds about Oct. 6, 1932. Therefore, we submit 40 or $4,000 as a fair value for $10,000 of bonds as of Oct. 6, 1932.

Baltimore & Drum Point Railroad Company. Value of 6% First Mortgage Bonds due 1928. On December 2, 1891, receivers were appointed for the road. A decree was signed by the Court to sell the road at public auction. In 1892 the road was sold for $25,000. The Mercantile Trust Company Baltimore, Maryland, trustees of the bonds, informed us that the records were destroyed in the Baltimore fire of 1904. The trustee holds no funds for the bonds. The $25,000 received for the road probably did not pay the receivers expenses in full, and left no equity for the First Mortgage Bonds. In 1903 the securities of this company were reported as worthless. In view of the above we do not believe the 6% bonds due 1928 have any present value.

Baltimore Engineering Corporation. Incorporated in Maryland and is located at 814 Peoples Bank Building, Charleston, West Virginia. Mr. E. M. Burdette, President, informed us that there is no market for the stock. The company has assets which under known conditions are worth while and during ordinary times has more or less actively engaged in the business of chemical engineering. At the present time it is marking time. Mr. E. M. Burdette is also connected with Viking Laboratories, Inc. In view of the above we submit only a nominal value to the stock.

Baltimore & Southern Steam Transportation Co. A meeting was held in Baltimore Nov. 23, 1875 to consider the best means of closing up the business of the company, as its affairs have been very seriously involved for some time past. In September last (1875) a meeting of the company authorized an additional issue of stock to the amount of $125,000. This stock it has been found impossible to dispose of, either as common or preferred, during the existing stringency of business, hence this meeting is called. After a thorough discussion of the situation and prospects of the company, it was decided that the rights of the stockholders should be transferred to the President and directors, and a resolution was adopted allowing those officers to continue or close the line, as it shall be deemed most expedient by them. The entire indebtedness of the company amounts to about $120,000 and the property owned by it will doubtless more than satisfy its creditors. The general opinion is that the line will be continued, but that the number of stockholders in the company will be greatly diminished. The company owns six steamers and runs lines from Baltimore to Wilmington, N. C., and Charleston, S. C.

Name	Date Charter Forfeited	Vol.
Baltimore & Southern Steam Transportation Co. This company owned the "Sea Gull" and "Falcon" and were sold in Baltimore, Md. Our informant was not in any position to obtain any information as to the extent, if any, of dividends the stockholders received from the sale of the ships. We cannot find any funds for stockholders either in banks or the Treasurer of the State of Maryland. Apparently the liquidation was completed years ago. It is our opinion that the shares have no present value.

Bank of Glasco. Chartered August 24, 1885. The Banking Department of Kansas was not established until 1891 and at that time this bank had gone out of existence. If there were any distributions to be made to stockholders, and there were shares outstanding that did not receive the pro rata share, the Banking Department would hold these funds. The Banking Department does not hold any funds for stock of this bank. Therefore, we believe the shares are without value.

Bank of United States ((N. Y. C.)	Value of Stock Par Value $25. each. Incorporated in New York in 1913 and was located at 535 Fifth Avenue, N. Y. C. On Dec. 11, 1930, this bank was closed by the Superintendent of Banks of N. Y. On Sept. 8, 1931, the stockholders received notice of an assessment of $25. per share. The shares were nominally quoted until Sept. 8, 1931, and worthless thereafter. Therefore, we believe the shares are deductible as a loss for the year 1931.

Bankers Securities Trust of America. Organized in 1928 in the form of a Massachusetts trust. Officers—N. A. Mersereau, President and Secretary; J. F. O'Hagan, Treasurer. Custodian—Chase National Bank. This trust was formerly located at 115 Broadway, New York City. Further information unobtainable in 1929. Poor's Manual reported the trust as out of business in 1929. F. H. Blakely & Company, Toronto, offered $1,000,000 Preferred and 50,000 shares of Common Stock in units of two shares Preferred and one share Common at $52.00 in April, 1928. On October 10, 1929, Steelman & Birkins, brokers of New York City, were bidding 25 for the units. The Common Stock was last quoted on October 9, 1929, by Steelman & Birkins at 10 bid, no offers. There has been absolutely no market for either the Preferred or Common shares since October of 1929. This trust was probably caught in the market crash of 1929 and went out of business. Keane's Manual of Investment Trusts for 1931 reported the following: "The Bankers Securities Trust of America was enjoined from further sale of securities in New Jersey October 22, 1929, under charges of fraud and misrepresentation." It is our opinion that the company went out of business sometime about October of 1929 and the stock became worthless. No further trace of the company could be found since then. We believe that the loss on the stock should be taken for the year 1929 under the income tax regulations.

Bankers Trust Company of Ardmore.	This bank failed shortly after 1904, but before the Statehood of Oklahoma. The Banking Department of Oklahoma has no record of this bank nor any funds for stockholders. Therefore, it is reasonable to assume that the creditors were not paid in full, leaving no equity for the stock, which is without value.

Bankus Corporation (New York).	Value of Capital Stock (Par $5.00 Each). Incorporated under the laws of the State of New York in November of 1928 and was affiliated with the Bank of United States. In December of 1930, an equity receiver was appointed by Federal Judge John M. Woolsey. The Bank of United States has a claim against the Bankus Corporation of between $14,000,000 and $18,000,000. The total assets of the Bankus Corporation are $50,045,521, the major portion of which is composed of $43,593,230, Bank of United States stock units consisting of stock of subsidiary and affiliated companies and other securities with a book value of $6,204,994. In view of the fact that the Bank of United States' stockholders were assessed par for their stock, and that most of the assets consisted of Bank of United States stock, we submit the shares as worthless as of January 12, 1932.

Banner Consolidated Mines, Inc.	Company was organized under the laws of Delaware in 1921 with a capital stock of $2,250,000, par $1.00, with property consisting of 1,967 acres in Nevada County, California. Company has offices at 120 Brodaway, New York City; 1324 Walnut Street, Philadelphia, Pa., and care of John M. Nicol, 1009 First National Bank Bldg., San Francisco, California. In February, 1927, we find that 7 shares of this stock sold at auction in New York City for $54.00 the lot, and Martin Judge, Jr., & Co. of the American Bank Building, San Francisco, California, offered the stock for sale in the early part of this year, with no bids. We would suggest that you write to these brokers, who we believe to be in a position to quote you the present market for the stock, which we understand is a few cents a share.

Banner Gold Mining Company. Incorporated in 1928, presumably in Nevada, and is located at 821 California Street, San Francisco, Calif., in care of B. T. Lyons, and Colorado Springs, Colorado. The ground aside from the mining claims was reported to cover valuable water rights. There is no market for the shares at this time as far as we have been able to determine.

Banner Oil & Gas Company of Texas. We have searched our files and the oil and gas directories for many years back, but fail to find any record of the company. The Banner Oil Corporation of Wichita Falls, Texas, informed us that they knew of no such company. Our letter to the Banner Oil & Gas Company was sent to the first-mentioned corporation because their company was the only one with a similar name. We believe the company is out of existence and the stock worthless.

Bard Mining & Milling Company. Incorporated December 4, 1922, in Washington, virtually as a successor to Avon Mining & Milling Co. In 1926 the Company had an office at 517 Ziegler Building, Spokane, Washington, and a mine address at Lakeview, Idaho. Mr. R. M. Bard Mobbs was President, Dr. Francis E. Bertling, Vice-President and C. Daenfer, Treasurer. The capital stock consisted of $2,000,000 at $1. par value each and 1,510,000 treasury shares. The stock was listed on the Montreal Mining Exchange. The Mines Handbook reported that the property was only a prospect and would hesitate to consider the stock as having more than a speculative value during their development stage. In 1925 the expenses of the company were $4,500 for assessment work. The Mines Information Bureau of 17 John Street, New York City, informed us that very little work was done in 1927, 1928 and 1929 and that was only assessment work. The Mines Information Bureau also informed us that the officers had a dark reputation in the East and were enjoined twice from selling stock in New York State. The only quotations we have found were that the stock had a high of $1.59 and a 25 cents low in 1927 and on February, 1928, the stock was offered at 75 cents per share with no bids. We have consulted the mining lists for 1928, 1929 and 1930 and have failed to find any market for the stock nor do we believe the stock could have sold at any price during that time. In view of the above we do not believe the stock had any more than a nominal value, if any, for the year 1928, and submit it as such as of that date.

Barnesville Oil & Gas Company.	Incorporated in Ohio April 28, 1906 and according to Secretary of States records is still in good standing with the state, being neither cancelled nor dissolved. We are informed that the company drilled two wells in 1909 and have been paying ten per cent dividend for the past five years. However, we are unable to locate a market for the stock. If you desire any further information we suggest you communicate with the company which is now located at Zanesville, Ohio.

Bay State Gas Company. Organized in Delaware in 1899. This company was dishonestly managed and was placed in receivers hands in 1913. For many years this company has been going through litigation. The Secretary of State of Delaware advised us that the company is defunct and that W. Harry Miller, Commonwealth Trust Bldg. Philadelphia, Penn. was Sec'y and Treasurer. Letters addressed to Mr. Miller were returned marked "Not Found." In 1930—500 shares were sold at auction for $10.00 the lot. It is our opinion that the shares are worthless.

Bayano River Lumber Company. Value of Capital Stock dated 1912 and 1914. Incorporated under the laws of the State of Maine, and filed its last return in 1923. The company was excused September 8, 1923, having ceased to transact business. Mr. H. W. Dyer, former treasurer of the company, is located at 420 W. 121st Street, New York City. We wrote to Mr. Dyer, requesting information as to what happened to the assets, if any, of the company, and our letters were not answered nor returned. We called several times on the telephone, and were unable to get any information. It is our opinion that the shares are without value.

Beacon Clothing Mfg. Co., Inc.	N. Y. 1929.	
Beacon Coal Company. First Mortgage 6% Bonds, due 1944. We have been unable to find any trace of this company for a number of years and believe that it has gone out of existence. We are advised that there is absolutely no market for the bonds. The last sale of which we have record occurred on March 6, 1929 when one bond sold at auction for $7. It is our belief that the bonds have only a nominal, if any, value at the present time.

Bear Tractor Corporation of America.	Incorporated—Delaware July 29, 1919. Office—50 Broad Street, New York City. Officers—A. Hicks Lawrence, President; J. Wright Taussig, Vice-President; J. H. Mecke, Secretary & Treasurer. We called Mr. A. Hicks Lawrence who is located at 50 Broad Street, New York City, and he informed us that the company still maintains its office at that address. They also informed us that the stock has only a nominal value at the present time. The Bear Tractors Corporation of America failed in 1924 according to our records. This is the Bear Tractor Corporation of America.

Belleville News Publishing Company.	Incorporated under the laws of the State of New Jersey, Aug. 18, 1925 and so far as state records show is still in good standing. Its principal office is located at No. 503 Washington Ave., Belleville, N. J., and Harry Hosking is the agent. Its president is W. H. Masten and the secretary is Harry Hosking. We have written to the company twice at the above address and as yet have not heard from them nor has the letter been returned. A stockholder informs us that they are still conducting business at this address but that he is unable to find a market for his shares. There do not seem to be any buyers at any price, according to this stockholder. He is under the impression that the company is barely making expenses. The company through our correspondent reports as book value of $5 as of Dec. 31, 1928, but it would appear that there is no market for it regardless of the book value.

Bergougnan Rubber Corp. Incorporated—Delaware, 1919; par $100. This company was an American subsidiary of Societe Generale des est Bergnougnan, a French corporation. The company had a plant at Trenton, New Jersey and an office in New York City at 49 West 64th Street. We do not find any trace of the company at the present time and believe it has gone out of existence. On January 24, 1927 the charter of the company was forfeited for non-payment of taxes. We also find that on December 15, 1920, 37¼ shares sold at auction for $3 the lot. In view of the above we believe the common and preferred stock have only a nominal, if any, value at the present time.

Berkshire Mining & Development Company. Incorporated in Minnesota in 1913, and had a place of business at Minneapolis, Minn. In 1924 they changed their name to the Berkshire Mining Company. Letters addressed to the latter company were returned "unclaimed". It is our opinion that the shares are worthless.

Berkshire Park Racing & Athletic Assoc., Inc., The.	N. Y. 1929.	

Berkshire Petroleum Corp. Incorporated under the laws of the State of N. Y. on June 3, 1920 and had an office at Albany, N. Y. Some years ago it was reported that bankers in Albany informed us that they had communicated with one of the former officers who stated that the company was out of existence and the shares were worthless. Therefore, we submit the shares as worthless as of April 19, 1933.

Bernardsville Corp.	N. Y. 1929.	
Bernardsville Land Company. Incorporated in New Jersey about 1912, and was formerly located at 15 Exchange Place, Jersey City, New Jersey. On January 15, 1917, the company lost its charter for failure to pay taxes. We have been unable to find any further trace of the company nor a value for its stock, which we believe to be valueless at the present time.

Bess Gold-Copper Company of Arizona. Incorporated—Arizona, December 29, 1900. No report has been filed by this company since the time of its incorporation and we believe it out of existence at the present time. On March 23, 1926 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is absolutely no market for the stock.

Best Brick Company. Dividends were consistently paid on the Preferred Stock up to and including July 1, 1927. Since then their business has suffered together with the entire building industry and actual earnings have prevented payment of dividends. We would advise holding this stock as only a fraction of its previous value could be obtained at the present time (1931).

Best Clymer Mfg. Co. Incorporated—Missouri, May 27, 1913. Capital—Authorized 20,000 shares Common, no par value $1,000,000 7% Cum. Pfd., Par $100. An involuntary petition in bankruptcy was filed in the Federal Court at St. Louis, Mo., on February 20, 1922 against the company. Wm. C. D'Arcy, St. Louis, Mo., was appointed receiver. The property of the company was sold at a bankruptcy sale on August 24, 1922 and was purchased by a group of preferred stockholders together with some outside interests, including Wm. C. D'Arcy. This group formed a new company known as The Best Clymer Company, which was capitalized with 30,000 shares of no par value. Of the 30,000 shares, 19,125 shares were offered to the preferred stockholders at $13.45 per share, 2,000 shares were set aside for management at the same price per share, and 8,875 shares have been underwritten by the directors and others at $20 per share. All these exchanges had to be made before November 5, 1922. In view of the above we do not believe the preferred stock of the old company had any value as of January 31, 1930. Even if an exchange could be made at the present time, we do not believe it would be to any advantage, as the new stock is only quoted at about 13 per share.

Beulah Gold Mining Company.	Incorporated—Oregon *April 8, 1904, but was dissolved by proclamation of the Governor on January 10, 1907 for non-payment of taxes. The company failed to file any reports since the time of incorporation; accordingly we only have record of the officers at that time. John H. Miller, President, Pittsburgh, Pa.; J. W. Miller, Secretary, Baker City, Oregon. Address—Baker City, Oregon. We find no trace of the company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock which we believe was valueless as of September 5, 1929.

Big Five Mining Co.	Inc. Wyoming, June 1, 1912. Address 1925—A. H. Corbett, Trustee, 405 Interstate Trust Bldg., Denver, Colo., or O'Neill, Neb. In 1925 it was reported that company was in hands of court awaiting sale of property. Company had $207,000 worth of bonds outstanding. Our records do not disclose any market for said bonds. It is our opinion that the stock is worthless.

Bijur, M., Tobacco Corp.	N. Y. 1929.	
Bijur Motor Appliance Comany.	Incorporated Delaware and was dissolved by certificate of dissolution filed June 21, 1926. We are advised as follows by Mr. John C. Rowe located at 30 Church Street, New York City, who was the attorney for this company at the time its affairs were wound up. Its assets were insufficient to pay its debts, leaving nothing for distribution to either the first preferred or second preferred or common stock of the company. Therefore the shares of the second preferred stock of this company have no value whatever.

Biograph Company.	This company was, until recently, located at 807 East 175th Street, New York City, but at present we are unable to trace the company or its officers. The last sale of the stock, of which we have record, took place on December 28, 1928 when 10 shares sold at auction for $1 the lot. We believe the stock has only a nominal, if any, value at the present time.

Birdseye Seafoods, Inc.	Incorporated in New York 1922. Capital 2,500 shares common stock, no par value; $50,000 preferred stock, $100 par value. Officers—Clarence Birdseye, President; Charles B. Alling, Secretary. We are unable to find any trace of this company for a number of years and believe it out of existence. On June 29, 1929 its charter was forfeited for non-payment of 5 years taxes. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Birmingham Development Corporation		3
Birmingham District Mining & Mfg. Co.	Incorporated April 13, 1916 in Alabama and was located at Birmingham, Ala. We are advised that the company has not paid their permit fee for the years 1931, 1932 therefore, we presume they are not in business. Letters addressed to the company were returned marked "Not in Directory." It is our opinion that the company is out of business and the shares were worthless as of Oct. 22, 1931.	
Birmingham, Ensley & Bessemer Railroad, Inc.	Incorporated—Alabama. Interest was defaulted on the First Mortgage Bonds, in 1914. In the reorganization plan approved 1915, no provision was made for the stock of the company and submit it as worthless.

Birmingham & Lineville Railroad.	Incorporated Alabama—stock dated 1905. We have made a thorough investigation of this company and failed to find any record of construction of this road. The only railroad that connected these two points in 1905 was the Atlanta, Birmingham & Atlantic Railroad which is now the Atlantic Coast Line Railroad. The latter informed us that they have no record that this road was ever constructed, nor is it part of their line. It is our opinion that the shares are worthless.

Bituminous Coal Co. of America.	Originated about 1907 in West Virginia and had an office in New York City, until 1909, when it was abandoned. Letters addressed to the company in 1909 were returned marked "Out of Business". No evidence was ever found that the shares of this company had a value. It is our opinion that the shares are without value.

Bituminous Oil Company.	Located in Philadelphia about 1865. Officers—I. P. Folman, President; Edwin E. Simpson, Treasurer. We have searched our own files and many other sources of information available to us, but can find no trace of the above mentioned company for a great many years. It is our belief that it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Black Butte Quicksilver Mining Company.	Incorporated in Washington and had an office at New York Block, Seattle, Washington. John N. Powell, President. It was reported in 1918 that the company employed about 30 men. This mine was operated up to 1919 and was then acquired by the Quicksilver Syndicate, Blackbutte, Oregon. The subject company is now defunct. Mr. Fred L. Mills, Secretary of the Quicksilver Syndicate, informed us that this company passed out of existence some years ago, probably about 1920 and the stock has no value. The Syndicate purchased the property in 1927. Therefore, in view of the above we submit the shares as worthless.

Black Panther Oil Company. Receiver appointed about August, 1923. A stockholder in Philadelphia revealed that the whole scheme was purely a stock jobbing one. The president of the company absconded several months before August with $90,000 and no trace of him has been found. It was as vicious as is the animal after which it took its cognomen, and as tricky also. The other officers were charged with fraudulent conversion of more than $1,250,000 belonging to stockholders. The only source of revenue the company ever enjoyed was from the sale of stock. In view of the above, we do not attach any value to the stock and submit it as worthless.

Black Petroleum Corporation. Incorporated—Delaware, 1920. Capital—3,000,000 shares Common; par value $1, issued $1,375,937. Properties—Proven acreage in Tulsa, Okmulgee, Okfuskee, Garvin, Murray and McIntosh counties, Okla. Address—1105 Commerce Building Kansas City, Mo. We understand this company was a subsidiary of the Noco Petroleum Company, but are unable to find any trace of such a company. We find no record of the Black Corporation after 1927 and believe it went out of existence about that year. On January 15, 1929, its charter was forfeited for nonpayment of taxes. As far as we can ascertain there has been no market for the stock since 1924, at which time it was being bid at market. No quotations since that time.

Black Wonder and West End Gold Mining Company. This company is a consolidation of the Black Wonder Gold and Silver Mining Company, incorporated under the laws of New Jersey on March 22, 1892 with an authorized capital stock of $1,000,000 par value $1, and the West End Gold Mining Company, organized under the laws of Colorado about 1899—with shares $1 each. The Black Wonder and West End Gold Mining Company was organized under the laws of Colorado in 1895 and stock of the two old companies was exchanged on a share for share basis for stock in the new company. New Company in 1900 had a bonded indebtedness of $30,000. Between $6000 and $7000, then still remained in the treasury—Bonds bore interest at the rate of 6% per annum and has always paid interest up to this date as far as we know. Company has over $15,000 in the treasury. Company has a 30-ton stamp mill which was reported to cost $70,000 and was at this time shut down. Company later became inoperative from lack of working capital. Property was located in Sherman, Hinsdale County, Colorado. In 1903 the officers were reported to be H. A. Stearns, Pres.; J. H. Allen, Treas., with an office at 244 Washington St., Boston. In 1911 it was reported that no value was found for the stock and we believe the company has gone out of existence and that the stock is of no value.

Blackbird Mining Company. Incorporated—Arizona, March 24, 1906. Capital—1,000,000 shares; par value $1. This company has not filed a report or paid license fees since its incorporation. In March 1931 its charter will expire by limitation. We are unable to find any trace of the company and believe it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Blackfoot Extension Gold Mining Company. Incorporated in Arizona 1904 and since said date has failed to make annual reports or pay fees. Accordingly we are unable to find any trace of the company for a great many years and believe it out of existence. Officers—F. R. Comstock, President; R. R. Ridze, Secretary. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Blackfoot Fruit Growers & Farmers Association, The.	Idaho 1914.	

Blackfoot Gold Mining & Development Company. Incorporated—Idaho, November 13, 1902. On December 1, 1912 its charter was forfeited and to date has not been reinstated. We find no trace of the company since that time and believe it has gone out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Blake Nut Lock Corporation. This company was formerly located at 1750 Main Street, Buffalo, New York. We understand that it was incorporated under the laws of New York State in 1922, and had an authorized capitalization of $500,000. The company was formed for the purpose of manufacturing a certain nut lock. We are informed that the company met with reverses in its manufacturing program, and that it was forced to vacate the factory occupied under lease at the Main Street address. The only assets which the company has consists of the patents on its product. We are informed that the company is attempting at this time to lease these patents on a royalty basis to manufacturers. In view of the fact that the company has been in exactly the same condition since March, 1927, we believe that the possibility of leasing the patents is remote. There is, of course, no ready market for the stock.

Blossburg & Coal Run Co. This Company went upon the rocks fifteen years ago. An attorney of Corning, N. Y., who was conversant with the affairs of this Company, advised that the mortgage was foreclosed in 1914 or about that date and the returns from the foreclosure were insufficient to pay the expenses of foreclosing. So far as we are able to ascertain the bonds are entirely worthless.

Blue Bank Gold Mining Company. We are informed that there have been no sales of this stock for over 15 years and then it was for a few cents a share. The mine has been shut down over 30 years with no prospect of it ever starting up again. The President of the company advises us that he considers his stock without value. We therefore submit the stock as valueless as of October 15, 1929.

Blue Bird Copper-Gold Mining Company. Incorporated—West Virginia. Office in 1906—Care of M. J. True, Secretary, Salt Lake City, Utah. Property was located near the Hickory group of the Majestic Company. The company has been idle since about 1906 and we do not find any record of it having resumed operations. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.
